Additional Information

Provide a brief description of your conditions and explain the need for program flexibility. Provide a brief description of the alternative concepts, methods, procedures, techniques, equipment or personnel to be used, and the conditions under which this program flexibility will be used. Attach additional supporting documentation as needed.

We are requesting program flexibility for staffing ratio due to the number of employees on leave related to the COVID pandemic. Our facility is also accepting COVID + recovered patients from facilities. Therefore, we have an increasing need to meet demand for surge due to incoming transfers. At times, we experience COVID-19 staffing absenteeism for multiple reasons. Although we will make every effort to ensure the staffing ratios are maintained, at times we may not be able to comply with the ratio requirement. Therefore, we are requesting a waiver of minimum nurse-to-patient ratios.
