Getting Started with CalREDIE
for LHD and State Users

CalREDIE Overview

- California Reportable Disease Information Exchange (CalREDIE) is a secure system that the California Department of Public Health (CDPH) has implemented for electronic disease reporting and surveillance.

- It is used by state and local public health officials, healthcare providers, and laboratories for communicable disease reporting and surveillance.

- For more information about CalREDIE, please visit our CalREDIE Homepage at: https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/CalREDIE.aspx
