

SMALL WATER SYSTEMS PROGRAM PLAN MONTHLY UPDATE

November 2013

Summary:

The Small Water Systems Program Plan (SWSP) tracks the progress of small water systems that are in violation of a primary constituent MCL by meeting specific milestones. There are a total of **183** community water systems that have between 15 and 999 service connections listed on the SWSP. The total population targeted on the SWSP is approximately 60,000 and the total number of service connections is approximately 18,000. There are eight types of primary drinking water standards that are violated by these systems. The total numbers of water systems that are violating primary drinking water standards are: 107 Arsenic, 61 Nitrate, 11 Uranium, 2 Gross Alpha, 9 Surface Water, 2 Perchlorate, 1 DBCP, and 1 Fluoride (some systems exceed more than one standard).

Progress:

A small water system listed on the SWSP is measured on progress in returning to compliance by meeting specific milestones/goals. These milestones/goals are as follows: issuance of a compliance order, submittal of a universal pre-application for funding, placement on the Safe Drinking Water State Revolving Fund (SDWSRF) project priority list (PPL), invitation for funding, submittal of a statement of intent (SOI) to pursue funding, submittal of a funding application, execution of a funding agreement, and finally, the return of the water system to compliance by solving the problem.

Every unsolved system on the list has met the following milestones:

- Received a compliance order
- Submitted a universal pre-application for funding
- Placed on the SDWSRF PPL and invited for funding

Water Systems Receiving Executed Construction Funding Agreement in November 2013:

- 3700923 – Lake Morena Oak Shores MWC (San Diego County)

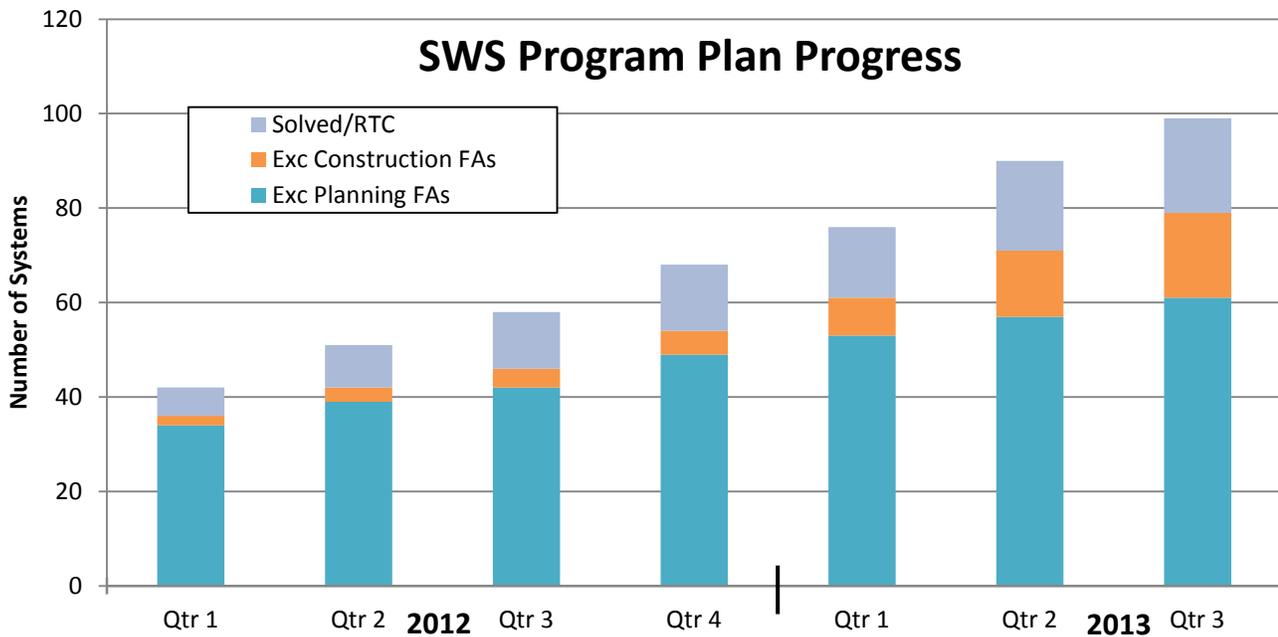

Water Systems Solved in November 2013:

- 3100033 – Tahoma Meadows MWC (Placer County)- Tahoma Meadows MWC serves approximately 120 people through 43 connections. The Placer County Environmental Health Services issued the latest enforcement action (compliance order/citation) on August 24, 2011, for exceeding the arsenic MCL. Tahoma Meadows completed construction of their consolidation with Tahoe City PUD in November and will no longer exist as a public water system. The system considered

submitting an SRF application but decided against requesting funds due to the progress they had already made in completing the project. The system did obtain technical assistance from California Rural Water Association (CRWA).

Progress statistics through November 2013 are as follows:

Progress Status	Current Status Total	Previous Status Total
Solved/Returned to compliance	21	20
Under construction with CDPH funding	20	19
Construction underway, privately financed	2	3
Awaiting CDPH construction funds, complete application submitted	15	17
Received CDPH planning funds, work to be completed within 18 months	55	54
Awaiting CDPH planning funds, complete application submitted	22	23
Total amount funded by CDPH (in millions)	80.0	78.4
Systems referred for technical assistance	129	129

Solved/Returned to compliance – 21

0400027	Foothill Mobile Home Park (Butte)	3301755	Sunbird MHP (Riverside)
0600013	Princeton Water District (Colusa)	3400149	Rancho Marina (Sacramento)
1000366	Sunnyside Convalescent Hosp (Fresno)	4400595	Villa Del Monte (Santa Cruz)
1000472	PG&E Helms Support Facility (Fresno)	4400598	Pure Source (Santa Cruz)
1000585	Murrieta/ Hernandez Farms (Fresno)	4900845	Rancho De Sonoma (Sonoma)
1400004	Charles Brown Water Company (Inyo)	4900723	Shamrock MHP (Sonoma)
2700706	Queen Motel (Monterey)	5400663	Fairways Tract Mutual (Tulare)
