

Continuing Education Contact hours

Continuing education contact hours is a new requirement for certification renewal. Because the renewal is due 120 days, (four months), prior to the certificate expiration date, it is necessary to complete the contact hours at least four months prior to the expiration of the certificate in order to avoid late fees.

Continuing Education contact hour requirements for certification renewal:

Grade T1 and D1 = **12** hours, Grade T2 and D2 = **16** hours, Grade T3 and D3 = **24** hours, Grade T4 and D4 = **36** hours, Grade T5 and D5 = **36** hours

The following is a list of providers that offer Continuing Education contact hours. This list is not comprehensive. Other continuing education courses are available. Contact the training provider to confirm class times, locations, costs, and contact hours awarded. ***Be aware that some of these providers offer a variety of courses and not all courses are acceptable for continuing education contact hours for Drinking Water Treatment or Distribution!*** Only subject matter related to drinking water treatment, distribution, or safety is acceptable. Please review the CE Guidance document for more information.
