## Environmental Health Training In Emergency Response (EHTER)

San Luis Obispo, CA

August 15-16, 2012 8 am – 4:30 pm

*This course is based on material created by the Centers for Disease Control and Prevention and is co-hosted by San Luis Obispo County Environmental Health Services and the California Department of Public Health Center for Environmental Health.*

The purpose of this 2-day Awareness Level Course is to increase the emergency preparedness and response capabilities of Public Health and Environmental Health practitioners by providing the necessary knowledge and skills to address the environmental health impacts of emergencies and disasters.

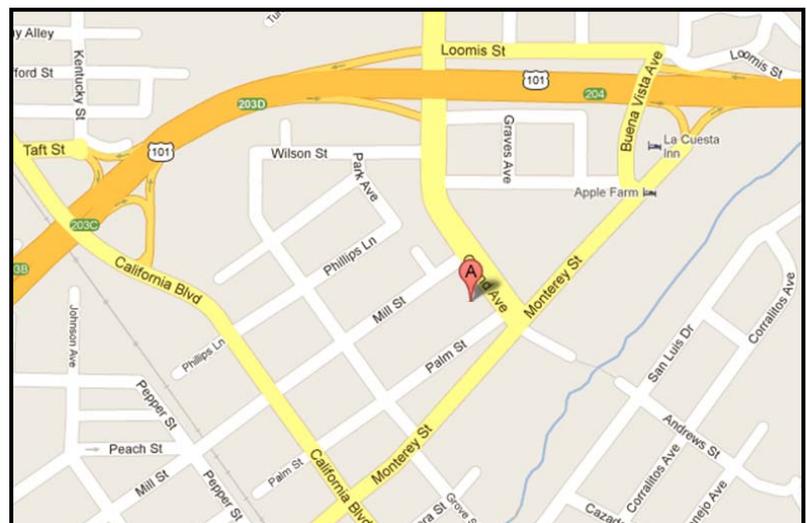

Topics covered will include the role of the Environmental Health Specialist related to emergency management, responder safety, food and drinking water supplies, shelter sanitation, debris management, hazardous materials, and others.

The EHTER course offers sixteen (16) hours of Continuing Education credit for the California Registered Environmental Health Specialist (REHS) provided through the California Environmental Health Association. There is no fee to attend the course, participant materials provided without cost.

Complimentary refreshments will be provided daily. **Scheduling only allows for a 30 minute mid-day break, therefore lunch will be brought in at a cost of approximately \$13 per person per day.**

Training location:  
San Luis Obispo Veteran's Hall  
801 Grand Avenue  
San Luis Obispo, CA 93405  
Right Wing of Building  
Free Parking

**Please bring cash for lunch.**
