COMMUNITY CARE LICENSING DIVISION  
CHILD CARE ADVOCATE PROGRAM**

The Child Care Advocate Program (CCAP) promotes the delivery of quality child care in California. In 1984, the State Legislature created CCAP to provide a link between child care licensing and the community.

The CCAP tailors its activities to fit the needs of the local community. A Child Care Advocate is assigned to each Child Care Licensing office to provide information to parents, child care providers, employers, and community groups. To learn more about this Program access their website at <http://cclcd.ca.gov/>
