All client-level data for Ryan White Program services managed through our office are entered into the ARIES client management system. ARIES is a highly secure, confidential, customized, Web-based, centralized client management system that provides a single point of entry for clients and allows for coordination of client services among providers. ARIES is intended to enhance services to clients by helping providers automate, plan, manage, and report on client services. At provider sites, clients sign an ARIES consent form choosing whether or not to share their information with other agencies they seek services from; this "sharing" allows clients to receive services from additional ARIES providers without having to carry a copy of their doctor's letter, proof of income, and/or living situation to each agency. ARIES is designed to save time for the clients and help ensure quick access to needed services.

If a person is **ONLY** a Medicare Part D client then their personal information in ARIES will **not** be shared with any other Ryan White Program provider. However, should an approved Medicare Part D client visit another Ryan White Program provider using ARIES, the client will sign an ARIES consent form at that agency and choose whether or not to share their ARIES data.

Failure to return premium refunds to the State may result in permanent ineligibility for future payment assistance. Premium refunds must be signed over to the State of California. Things to Remember:

ADAP recognizes that Medicare Part D is overwhelming for most of us. The following is a list of basic steps to help guide you through the process. We advise you to seek assistance immediately through resources listed on the following page, Medicare Part D Resource List.

1) **Review your mail carefully:** Your current drug plan and Medicare will be sending you important notices regarding your 2010 Part D benefits. Plans may change in 2010, so watch for changes that might impact you.

2) **Medicare Part D Open Enrollment:** Open enrollment is November 15, 2009 through December 31, 2009. Review your 2010 plan options to ensure that you enroll in the Part D plan that will best meet your medication needs. ADAP Medicare Part D Premium Payment members who receive ADAP Part D Premium Assistance are required to **reapply annually**. You can enroll in a plan by contacting the plan directly or by contacting: (800) Medicare.

3) **“Extra Help” Low Income Subsidy (LIS):** ADAP requires that most Medicare eligible ADAP clients apply for the “Extra Help” LIS. LIS significantly lowers the costs that the Part D plan is permitted to charge clients. LIS eligibility ensures that you have the lowest out-of-pocket costs for medications that may not be on the ADAP formulary.

To apply for LIS, go into your local Social Security Administration office, request an application by phone (800) 772-1213, or apply online at www.ssa.gov. The Social Security Administration will take a few weeks to process your application and will notify you of your eligibility by mail. Once you receive your LIS determination notice, please take a copy of the notice to your ADAP Eligibility Worker and mail or fax a copy to the ADAP Medicare Part D Premium Payment Program.

4) **Creditable Coverage:** If you have creditable coverage and do not wish to enroll in a Medicare Part D plan, please take a copy of your 2010 Certificate of Creditable Coverage to your ADAP Enrollment Worker. You do not need to apply for the ADAP Medicare Part D Premium Payment Program. Some individuals indicated that they have had difficulty obtaining these certificates. Here are a few tips to try:

_ Look in the “Evidence of Coverage” book that your insurance coverage provides each year. A “Creditable Coverage” statement is frequently placed in these books under “Medicare” or “other coverage.”

_ If you have not received these materials by mail, most evidence of coverage books are available online.

_ If you have insurance through a group or employer, ask the person in charge of benefits to assist you.
