

## **AFFILIATE REPORT**

June 7, 2012

### **I. Key Activities**

- A. CACDC received a response from Dr. Watt to our request to develop a plan to streamline CD investigation forms. He requested the topic be discussed at CD Committee, and then addressed via the Reportable Disease workgroup. A request will be sent to have the topic added to the CD Committee agenda. A copy of the letter is attached.
- B. Completed the LHJ After-Hours Notification survey report. Report will be distributed once it is approved by CACDC membership.
- C. Web site - Test website is live: <http://cdph.ca.gov/programs/cid/Pages/CACDC.aspx>. Please note that it is still a work in progress. Special thanks to CDPH for hosting our site, and to Mark Starr and Claudia Erickson, for the work on site. Requests to have items posted can be sent to [LMorgan@dph.sbcounty.gov](mailto:LMorgan@dph.sbcounty.gov), with a cc to [bcole@rivcocha.org](mailto:bcole@rivcocha.org).
- D. Monitoring status of regulatory changes to Title 17 for selected communicable diseases.

### **II. Upcoming Activities**

- A. Fall Meeting – November 1, 2012 in Northern California, location TBA
- B. Six month evaluation of Prioritization Matrix

### **III. Burning Issues**

- A. Addressing the development of a plan to normalize HIV disease reporting and data entry. “Issue” Including HIV/AIDS information for disease other than TB and STD is considered a violation of Health and Safety Codes 121022 (h) (j) and 12105. Requested that the issue be placed on the agenda for CD Committee. Also requested input from CCLAD.
- B. A letter was sent to Laboratory Field Services (LFS) expressing CACDC’s concern about the significantly delayed reporting by Lab Corp. A copy of the letter is attached.
