

**CALIFORNIA DEPARTMENT OF PUBLIC HEALTH  
OCCUPATIONAL HEALTH BRANCH  
CALIFORNIA SAFE COSMETICS PROGRAM  
December 1, 2010**

**CHEMICALS KNOWN OR SUSPECTED TO CAUSE  
CANCER OR REPRODUCTIVE TOXICITY**

The California Safe Cosmetics Act of 2005 requires cosmetic manufacturers to disclose to the California Department of Public Health (CDPH) all products containing chemicals known or suspected to cause cancer, birth defects, or other reproductive toxicity. To assist companies with reporting, CDPH compiled this list of chemicals in consultation with the Office of Environmental Health Hazard Assessment. CDPH used lists and reports available from the authoritative scientific bodies cited in California Health and Safety Code Section 111791.5 (see the last page of this list for details). It should be noted that not all listed chemicals will be found in cosmetic products.

The "INCI Name" (International Nomenclature of Cosmetic Ingredients) is provided for those chemicals that are listed in the International Cosmetic Ingredient Dictionary (11th ed.). The CAS number is the Chemical Abstract Service (CAS) Registry Number. Not all listed chemicals will include CAS numbers or INCI names. The "Basis for ID" (basis for identification) cites the authoritative body that listed the chemical. In cases where the chemical was listed under Proposition 65 as well as by other authoritative bodies, only Proposition 65 was noted.

Note to consumers: Some cosmetic products may not contain any of these chemicals. Also note, the likelihood of a cosmetic product leading to cancer or reproductive harm depends on many factors, including but not limited to the amount and type of exposure to chemicals in the product. The chemicals are listed here because of findings from research on the chemicals and not on cosmetic products.

778	Vincristine sulfate		2068-78-2	developmental	Proposition 65
779	Vinyl acetate		108-05-4	cancer	IARC
780	Vinyl bromide		593-60-2	cancer	Proposition 65
781	Vinyl chloride		75-01-4	cancer	Proposition 65
782	4-Vinylcyclohexene		100-40-3	cancer	Proposition 65
783	4-Vinyl-1-cyclohexene diepoxide (Vinyl cyclohexenedioxide)		106-87-6	cancer	Proposition 65
784	Vinyl fluoride		75-02-5	cancer	Proposition 65
785	Vinyl trichloride (1,1,2-Trichloroethane)		79-00-5	cancer	Proposition 65
786	Warfarin		81-81-2	developmental	Proposition 65
787	Welding fumes		-----	cancer	IARC
788	Wood dust		-----	cancer	<a href="#">Proposition 65</a>
789	2,6-Xylidine (2,6-Dimethylaniline)		87-62-7	cancer	Proposition 65
790	Zalcitabine (ddC)		7481-89-2	cancer	IARC
791	Zileuton		111406-87-2	cancer developmental female reproductive	Proposition 65

Note: The California Safe Cosmetics Act of 2005 lists the following authoritative bodies, all of which were used as sources of information in creating this list:

- Proposition 65 List of Chemicals Known to Cause Cancer or Reproductive Toxicity – California Office of Environmental Health Hazard Assessment (OEHHA)
- U.S. Environmental Protection Agency (U.S. EPA)
- National Toxicology Program (NTP), including the Center for the Evaluation of Risks to Human Reproduction (CERHR)
- International Agency for Research on Cancer (IARC)

This list is current as of 12/1/10; review of the sources listed above was last conducted on 12/1/10.
