The mobile pantry itself has been acquired through non-FSNE funds. The requested enhancements will only be used for FSNE activities with people who are FSNE-eligible.

Food Stamp Nutrition Education Program
Justification for Using Alternative Time Study Methodology
California Association of Food Banks
October 1, 2008 – September 30, 2009

The California Association of Food Banks (CAFB) requests the use of specialized time study forms for some FSNE staff for the following reasons:

(a) Staff Conducting FSNE activities are expending a set amount of time each month of the quarter on FSNE.
(b) CAFB tracks state share and federal share activities using the same form because we calculate every dollar expended as 2/3rds state share and 1/3rd federal share.
(c) CAFB sub-contractors have requested a methodology for tracking time that is less time-consuming than weekly time reports.

The months used in the time study will vary in their positions in each quarter.

INDIRECT COSTS:													
State Share:			Note: Indirect cost rates vary between 3% and 31% depending on the SCNAC partnering agency. We have used an average of 13% based on current year. In most cases, indirect costs were calculated on total direct costs. In the case of the CSU, Chico Research Foundation, indirect costs are calculated on modified total direct costs. The Research Foundation's state share contribution in the form of unclaimed indirect costs is based on the difference between 15% charged as Nutrition Network's federal share on total direct costs and the Foundation's federally negotiated rate of 18% rate on modified total direct costs. This difference is $43,944 and is being contributed by the Research Foundation as state share. The CSU, Chico Research Foundation is also contributing their indirect costs of $19,355 on OPT For Fit Kids which reflects the difference between the 10% indirect allowed and the Research Foundation's standard indirect rate of 24% on non-federal projects. Local Memorandum of Understanding
between
The Butte County WIC Program
and
The Sierra Cascade Nutrition and Activity Consortium
Oct. 1, 2008 – Sept 30, 2009

Goal: The goal of this MOU is to establish guidelines for collaboration between SCNAC and WIC and to improve access and use of these two programs by the target population of both programs.

Butte County WIC agrees that they will:

1. Provide referral information about WIC to SCNAC partners and the families they serve.
2. Attend appropriate staff meetings to discuss WIC and any WIC related changes taking place.
3. Refer families to the OPT program and allow the services OPT provides to count as a WIC nutrition visit – thus preventing duplication of services.
4. Invite OPT and SCNAC staff to WIC staff meetings to discuss SCNAC services and any changes taking place within the organization.
5. Attend quarterly SCNAC partnership meetings (or as scheduled).
6. Participate in regular Lactation Advocates of Northern California breastfeeding promotion and coordination meetings.

SCNAC agrees that they will:

1. Provide referral information about OPT, Power Play! Campaign, and services provided by SCNAC and the CSUC Center for Nutrition and Activity Promotion.
2. Provide OPT services for families referred by WIC and direct families back to the WIC office to receive their WIC vouchers.
3. Attend WIC meetings, as appropriate, to provide up to date information about SCNAC programs, including Feather River breastfeeding promotion services, and any changes taking place within the organization.
4. Invite WIC staff to SCNAC partnership meetings and any appropriate staff meetings to facilitate collaboration.
5. Refer families to WIC when appropriate. When possible – walk them to the WIC office, which are both located in the same building as the OPT program.

2. None of the funds used to provide Partner's State Share are federal funds, unless Partner is an Indian Tribal Organization. If Partner is an Indian Tribal Organization, none of the funds used to provide Partner's State Share are federal funds that have not been designated by the terms of the federal grant to be an allowable source of State Share dollars directed toward nutrition education.
3. None of the funds used to provide Partner's State Share are funds being used to match other federal funds.
4. No portion of the funds used to provide Partner's State Share is being counted more than once, or for another State agency in addition to Network, or for a Local Incentive Awardee (LIA), or for a University of California Cooperative Extension Food Stamp Nutrition Education (FSNEP) activity during the term of Foundation's contract from Network.

Note: Central Valley Health Network (CVHN) includes 13 participating health centers that provide general nutrition education at 114 clinic locations to 150,000 patients in 18 counties. As USDA expressed concerns about contracting with healthcare organizations, please note that CVHN is leveraging only FSNE-allowable nutrition education activities and funds. In addition, 1) CVHN does not use in-kind contributions to meet state share costs; 2) Neither the *Network* nor CVHN are aware of any applicable procurement regulations in California; 3) Seventy-seven percent of CVHN's patients have incomes at or below 100 percent of the Federal Poverty Level and CVHN is careful to only conduct primary prevention activities and to adhere to the FSNE guidelines; and 4) CVHN's FSNE state share comes from non-Federal sources including foundation grants, patient fees, and state funds. Health centers and clinics are located in the following California counties: Alameda, Butte, Colusa, Fresno, Glenn, Kern, Kings, Inyo, Merced, San Bernardino, San Joaquin, Solano, Stanislaus, Sutter, Tehama, Tulare, Yolo, and Yuba.

The University of California Cooperative Extension's nutrition education outreach programs provide consumers and families with research-based information about foods and nutrition, resource management, food shopping and preparation skills, child feeding practices, and food safety. Nutrition education targeting limited income families and youth is available through the Food Stamp Nutrition Education Program (FSNEP) and the Expanded Food Nutrition Education Program (EFNEP). We partner with schools and community-based organizations such as the Chinese 5 a Day Project to collaborate and reach our clientele. Program delivery approaches include group instruction, workshops, learn-by-mail program, and in-home instruction. For teachers and child care providers we offer in-service training to implement nutrition education curricula which align to California State Content Standards, and provide support through classroom presentations, coordination of special nutrition education events, and newsletter. We also conduct the 5-A-Day *Power Play!* campaign serving schools and community youth organizations in San Francisco. For agencies serving low income urban youth, we offer curricula training, and farm-to-school/gardening resources. The University also operates the Richard J. Elkus Ranch in Half Moon Bay, an environmental education center providing unique hands-on learning experiences for youth. In addition we train and host a cadre of Master Gardeners that answer a help line, are a resource for school and community gardens, and participate in community events that support home gardening.

During the past Fiscal Year, our Agency, Self-Help for the Elderly was very enthusiastic about promoting the Chinese 5 a Day Project.

With the aid of NSCPHC, not ONLY our clients and seniors, but also our staffs, had gained a lot of opportunities to learn about the importance of increasing their daily consumption of fruits and vegetables, physical activity etc.

In order to deliver the "5 a Day" message, a booth was set up at Self-Help for the Elderly 40th anniversary fair in S.F. Union Square, and close to one thousand people attended the booth. Activities provided at the booth included nutrition games, with emphasis in educating participants to healthier food choice by increasing consumption of more fruits and vegetable.

Self-Help for the Elderly also participated as co-sponsor of the Chinese Cooking Contest that promotes healthy cooking recipes with varieties of fruits and vegetables. After the successful contest, our agency took this opportunity and invited some of the contestants to demonstrate and teach their healthy dishes in the cooking class.

Nutrition educations based on healthy eating practice and increasing physical activity were given to our seniors and staffs. For the last year, at least 3 presentations on the topic relating to fruits/ vegetable were given to almost 1000 seniors in our senior centers. For the home-bound seniors and younger disable clients, pamphlets were distributed to them with their meals. Over 100 staffs from our agency also attended to a presentation promoting healthy balanced diet and physical activity in their daily lives.

MEMORANDUM OF UNDERSTANDING (MOU)

Between

Community Alliance with Family Farmers

and

Humboldt County Office of Education

This is an agreement between "*Party A*", hereinafter called *CAFF* and "Party B", hereinafter called *HCOE*.

I. PURPOSE & SCOPE

The purpose of this MOU is to clearly identify the roles and responsibilities of each party as they relate to the collaboration and partnership around the promotion of health and nutrition in food stamp eligible populations.

In particular, this MOU is intended to:
Increase the efficiency of CAFF's outreach efforts for:
1) School Garden Network teacher trainings
2) Garden enhanced nutrition education classroom visits
3) Nutrition education-based farm tours
4) Farmers' market fieldtrips.

II. BACKGROUND

The CAFF and HCOE partnership dates back to 2002. We have often collaborated on classroom activities, fieldtrips and program outreach. Additionally, HCOE staff sat on the School Garden Network Committee and participated in the planning of the current CAFF project. Currently HCOE and CAFF periodically brainstorm ways to piggyback nutrition education activities to strengthen- not duplicate- nutrition education efforts. HCOE has as a well established Harvest of the Month program that CAFF supplements with their garden enhanced nutrition education and farm based tour work. Efficient outreach is achieved through the Harvest of the Month distribution system.

III. *CAFF* RESPONSIBILITIES UNDER THIS MOU

CAFF shall undertake the following activities during the duration of the MOU term:
Provide HCOE with outreach materials including, but not limited to, School Garden Network teacher trainings flyers, garden enhanced nutrition education classroom opportunities and nutrition based farm and farmers' market announcements.

CAFF shall follow all relevant and applicable regulations as specified in the California Department of Public Health's "Special Terms and Conditions," also known as Exhibit D(F). These may include, but are not limited to:

1. **Travel and Per Diem Reimbursement** – Unless otherwise specified, PARTY A should be reimbursed for travel and per diem expenses as established by the Department of Personnel Administration (DPA).
2. **Subcontract Agreements** – As it relates to securing bids for subcontractor services and subcontractor selection approval.
3. **Lobbying Restrictions** – No federally appropriated funds may be used to pay any person influencing or attempting to include an officer or employee of any agency, member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with specific federal actions.

IV. *HCOE* RESPONSIBILITIES UNDER THIS MOU

HCOE shall undertake the following activities during the duration of the MOU term: Provide support to CAFF through the distribution of outreach materials including, but not limited to, School Garden Network teacher trainings flyers, garden enhanced school garden opportunities and nutrition based farm and farmers' market advertising.

CAFF shall follow all relevant and applicable regulations as specified in the California Department of Public Health's "Special Terms and Conditions," also known as Exhibit D(F). These may include, but are not limited to:

3. **Lobbying Restrictions** – No federally appropriated funds may be used to pay any person influencing or attempting to include an officer or employee of any agency, member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with specific federal actions.

V. IT IS MUTUALLY UNDERSTOOD AND AGREED BY AND BETWEEN THE PARTIES THAT:

This MOU may be modified or terminated by either party with a minimum of 30 days notice.

VI. STATE SHARE REQUIREMENTS Not Applicable

As requested by *[PARTY A]* and/or the *Network*, *[PARTY B]* shall provide documentation of qualifying services that they provide with their own resources to the total of $_____ each year. State Share funds are from a non-federal source.

VII. FEDERAL SHARE REQUIREMENTS Not Applicable

As requested by *[PARTY A]* and/or the *Network*, *[PARTY B]* shall provide documentation of qualifying nutrition education services as approved in the Scope of Work. *[PARTY B]* is eligible to receive 50% of the cost of documented State Share approved activities, up to their approved Federal Share budget to the total of $_____ The Federal Share invoice must represent itemized allowable costs for the billing period.
