

## **Funding Ranges for Local Health Departments:** **Sub-granting requirements**

Sub-granting is required as funding level increases. Sub-grantees are chosen based on their ability to complete the SOW objectives working with schools, community based organizations (CBOs), and local cities with a high proportion of low-income Californians. **One-time enhancement funds should NOT be considered when calculating sub-granting requirements.**

\$401,000-\$500,000 (Objectives 1-11)

Expected reach of unduplicated participants: 4,100-5,000

**Recommend sub-granting 30 to 40 percent of funds to sub-grantees**

Estimated sub-grantee minimum amounts: \$120,300-\$200,000

\$501,000-\$900,000 (Objectives 1-12 plus two optional objectives)

Expected reach of unduplicated participants: 5,100-9,000

**Requirement of 30 to 50 percent of funds to sub-grantees**

Estimated sub-grantee minimum amounts: \$150,300-\$450,000

\$1-1.5 million (Objectives 1-13 plus two optional objectives)

Expected reach of unduplicated participants: 10,000-15,000

**Requirement of 30 to 50 percent of funds to sub-grantees**

Estimated sub-grantee minimum amounts: \$300,000-\$750,000

\$1.6-3 million (Objectives 1-13 plus three optional objectives)

Expected reach of unduplicated participants: 16,000-30,000

**Requirement of 30 to 50 percent of funds to sub-grantees**

Estimated sub-grantee minimum amounts: \$480,000-\$1,500,000

**Nutrition Education Messaging supports the multi-level approaches:**

All sub-grantees must be willing to implement multi-level interventions that include environmental supports.

**One-time enhancement other considerations:**

1. If an LHD received less than \$500K (the minimum funding level required for 30% subcontracting requirement) prior to the enhancement, but are now receiving over \$500k because of the enhancement, the 30% subcontracting requirement does NOT apply. Subcontracting is recommended only.

2. For all the LHDs originally required to subcontract at 30% because their original (base) funding was > \$500K, the 30% subcontracting requirement only applies to their original base funding amount. For example, Sacramento LHD received \$2,083,275 originally. They are required to subcontract 30% of the original base funding, but the 30% requirement does not apply to their one-time enhancement fund of \$431,347.
