

GIS? Mapping? Census blocks? Oh my!

Webinar: Using the Network GIS

- Wondering if your proposed nutrition intervention is in a USDA approved low-income census tract?
- Need to know the difference between 2000 and 2010 census tracts and block groups?
- Want to know how to find every grocer accepting EBT within a mile of each school you serve?

Then GIS Training is for You!!

County	Year	Population	Proportion in poverty	Number of people in poverty
San Diego County	2000	3,268,000	12.1%	395,428
San Diego County	2010	3,400,000	12.1%	411,400

This *Network for a Healthy California* mapping application is an interactive, internet-based Geographic Information System (GIS) that allows users to view and use online mapping. In less than two hours, you'll learn the basics, and gain a tool that will expand your access to current and comprehensive data.
