

**ANTIMICROBIAL STEWARDSHIP/ANTIMICROBIAL RESISTANCE SUBCOMMITTEE
HEALTHCARE-ASSOCIATED INFECTIONS ADVISORY COMMITTEE**

Thursday January 28, 2016

3pm-4pm

Teleconference

Attendance:

Members of Subcommittee:

Brian Lee, MD, Subcommittee Chair, Infectious Disease Specialist, UCSF Benioff
Children's Hospital Oakland
Karen Anderson, MT, MPH, CIC, Infection Control , California Pacific Medical Center
OlgaDeTorres, PharmD, FASHP, BCPS-ID, Department of Pharmacy, O'Connor Hospital
Dawn Terashita, MD, MPH Acute Communicable Disease Control, LA County
Department of Public Health
Catherine Liu, MD, Infectious Disease Specialist, University California, San Francisco
Carole Moss, Patient Advocate

Absent:

Michael Butera, MD, California Medical Association
Dan Uslan, Associate Clinical Professor, Infectious Diseases at University of California
Los Angeles
Conan MacDougall, PharmD, MAS, BCPS, University California, San Francisco
Jeff Silvers, MD, Infectious Disease Specialist, Medical Director Quality Management,
Sutter Eden Medical Center
Matthew Zahn, MD, MPH, California Association of Communicable Disease Controllers
Samantha Sweeten, PhD, MPH, San Diego County Department of Public Health
Stan Deresinski, MD, Infectious Disease Specialist, Stanford University

CDPH Staff:

Lanette Corona, Associate Healthcare Program Analyst

ACTION TAKEN:

ACTION REQUIRED BY HAI ADVISORY COMMITTEE:

ACTION REQUIRED BY ADMINISTRATION:

Brian Lee, MD, Subcommittee Chair

TOPIC	DISCUSSION	ACTION/ OUTCOME	NEXT REVIEW
I. Call to Order <i>B. Lee</i>	The Antimicrobial Stewardship Subcommittee meeting was held on Thursday, January 28, 2016, via teleconference.	Dr. Lee called the meeting to order at 3:04 pm.	
II. Roll Call and Welcome <i>B. Lee</i>	Brian Lee, MD welcomed participants to the meeting, and invited all on the call to state their name and institution. New attendance included: Alicia Cole, Patient Advocate Bridgette Olson, ASP/ID Pharmacist Sharp Coronado Hospital Laura Elliott, PharmD, CGP Trauma/Surgical ICU Pharmacist Palomar Medical Center Peter Patterson, MD, MBA, FCAP Medical Director, Arizona and San Diego Diagnostic Laboratories & Radiology Patrick Welch, Senator Hill's Office		
III. Review of minutes <i>B. Lee</i>	Minutes from October 14, 2015 were deferred until next meeting. The minutes from the December 14, 2015 meeting were approved as presented.	Minutes from 10/14/15 deferred until next meeting.	
IV. Update from CDPH: <i>Review of Bagley-Keene Open Meeting Act</i> <i>Update from CDPH/HAI -AC</i> <i>ASP Collaborative</i>	Members were reminded of the Bagley-Keene Open Meeting Act 2010 rules. Specifically, to ensure all meeting agenda items are submitted within time to ensure they are included on the published agenda which must be posted 10 days prior of the actual meeting date. In addition, members are to ensure they are not discussing meeting information outside of public meetings with more than one additional member or member of the public to comply with the rules whether it is on the phone, via email or in person. Should members have additional comments or questions regarding meeting information after the meeting ends, they should contact the subcommittee chair directly to address their requests. Members were informed again that Dr. Jeff Silvers was voted and selected as the new chair of the HAI Advisory Committee. Members were informed the final ASP Collaborative webinar was held on 12/17/15 from 12-1pm on Reporting and Education: ASP Education Strategies with Faculty Advisors; Brian Lee, MD and Jeffrey Silvers, MD. A summary of the collaborative will be provided at the February HAI-AC meeting.		
V. Discussion Items: Possible legislation regarding mandatory CRE reporting	Members were reminded of the previous discussion on the topic of creating a CRE registry database where hospitals could report CRE into and could be queried for hospitals to use for CRE patients that may be colonized or infected. Since then a piece of	Members were informed they can email P.Welch directly with feedback on the proposed bill no later than 2/19/16.	

TOPIC	DISCUSSION	ACTION/ OUTCOME	NEXT REVIEW
<p><i>AS education for future prescribers via curriculum requirement in medical/dental/pharmacy/veterinary schools and for current practicing clinicians (physicians, pharmacist, dentists, nurse practitioners, physician assistants, etc.) via continuing education requirement in antimicrobial resistance /stewardship for licensure</i></p>	<p>legislation has been put forth by Senator Hill and is currently being proposed. The proposed bill was reviewed by members to discuss and potentially create a motion around. P. Welch of Senator Hill’s office informed members the proposed bill is being circulated for feedback until 2/19/16.</p> <p>Discussion ensued regarding the last meeting’s idea of trying to promote AS in the outpatient setting by getting at prescribers earlier in their health sciences education during their schooling. In addition, requiring a percentage of continuing education (CME) to be done in a course(s) related to AS/AR. Members reviewed the Proposed Recommendations to CDPH document on these topics as a starting point. Members questioned whether completion of 20% of mandatory CME in the course of AS/AR is too much. Members proposed 10% in place of 20% to make the proposed recommendation more favorable for medical professionals. It was noted, another change to the document was to add “pharmacy board” to recommendation #3. Members voted unanimously in approval for the recommendations with the two minor edits.</p> <ol style="list-style-type: none"> 1. CDPH survey all health professional schools in California (medical, dental, pharmacy, nursing, physician assistant and veterinary) to assess their current curriculum on antimicrobial stewardship and antimicrobial resistance. 2. CDPH send an advisory to (and/or support legislation that requires) all health professional schools in California (medical, dental, pharmacy, nursing, and veterinary) to develop and implement an integrated antimicrobial stewardship/resistance curriculum and to submit a progress report within 2 years and every 5 years thereafter describing their progress in antimicrobial stewardship/resistance training and related initiatives at each school. 3. CDPH request that the Medical, Dental, Physician Assistant, and Registered Nursing Boards of California (and/or support legislation to) require that all licensed prescribers (including physicians, dentists, nurse practitioners, and physician assistants) complete at least 20 percent of all mandatory continuing education hours in a course in the field of antimicrobial stewardship and/or antimicrobial resistance. 	<p>Dr. Lee to revise the Proposed Recommendations to CDPH document and submit the final version at the HAI-AC meeting in February 2016.</p>	
<p><i>Toolkit for Skilled Nursing Facilities: SB 361</i></p>	<p>Members were reminded of SB 361 which requires AS policies at SNFs and the acute care hospitals ASP toolkit that was created by the subcommittee last year used to help hospital meet the basics,</p>	<p>Olga, Laura, Bridget and Dr. Patterson agreed to volunteer to draft SNF ASP components (basic,</p>	

TOPIC	DISCUSSION	ACTION/ OUTCOME	NEXT REVIEW
	<p>intermediate and advanced components of an ASP. It was noted; members should now turn their attention to SNFs and do the same thing in creating a toolkit for SNFs to provide help to those that may not have the same resources that others may have. It was noted, in order to create a toolkit, we should first establish what the components (basic, intermediate, advanced) are for an ASP for SNFs then shape a toolkit around that, similar to what was done for the general acute care facilities. Discussion ensued regarding the CDC's 7 Core Elements for ASP in long-term care is likely what SNFs maybe using to organize their programs around. Members agreed whatever components the subcommittee decides on should ensure the CDCs 7 core elements are incorporated. A suggestion was made to have members volunteer to take the CDC 7 core elements for long-term care and take a stab at creating components (basic, intermediate advanced) for SNFs and review at the next meeting.</p>	<p>intermediate, advanced) and submit to L. Corona by end of February for review at the March meeting.</p>	
<p>VI. Action items to bring to HAI-AC:</p>	<p>Final version of the Proposed Recommendations to CDPH in February for approval.</p>		
<p>VII. Tabled Items</p>	<p>None discussed.</p>		
<p>VIII. Next meeting</p>	<p>TBD – March 2016</p>	<p>Doodle poll to be sent to members to suggest March 2016 meeting dates</p>	
<p>IX. Adjournment</p>	<p>A motion for adjournment was made.</p>	<p>Meeting adjourned at 4pm</p>
