

<b>CDI</b>	<b>Description</b>	<b>Variable name</b>	<b>Calculation</b>
	admission prevalent labID event	CDIF_admPrevCount	labID events where locationadmitdate <= specimenDate < (locationadmitdate + 3) or outpatient
	CO admission prevalent labID event	CDIF_admPrevCOCCount	CDIF_admPrevCount where onset = 'CO'
	CO-HCFA admission prevalent labID event	CDIF_admPrevCOHCFACount	CDIF_admPrevCount where onset = 'CO-HCFA'
	HO admission prevalent labID event	CDIF_admPrevHOCCount	CDIF_admPrevCount where onset = 'HO'
	incident labID event	CDIF_incCount	labID event where cdiAssay = 'Incident' and specimenDate >= (locationadmitdate + 3)
	facility incident HO labID event	CDIF_facIncHOCCount	labID event where cdiAssay = 'Incident' and onset = 'HO'
	facility combined incident labID event	CDIF_facIncCount	labID event where cdiAssay = 'Incident' and onset = 'HO' or 'CO-HCFA'
	labID event	CDIF_labidCount	all entered CDIF LabID events for a patient in a month

<b>MRSA</b>	<b>Description</b>	<b>Variable name</b>	<b>Calculation</b>
	admission prevalent labID event	MRSA_admPrevCount	1st labID event for a patient in the month where locationadmitdate <= specimenDate < (locationadmitdate + 3) or outpatient
	CO admission prevalent labID event	MRSA_admPrevCOCCount	MRSA_admPrevCount where onset = 'CO'
	HO admission prevalent labID event	MRSA_admPrevHOCCount	MRSA_admPrevCount where onset = 'HO'
	BSI admission prevalent labID event	MRSA_admPrevBldCount	MRSA_admPrevCount where specimenSource = 'BLDSPC'
	incident labID event (blood specimen)	MRSA_bldIncCount	labID event w/specimenSource = 'BLDSPC' where there is no labID event w/specimenSource = 'BLDSPC' within prior 14 days and specimenDate >= (locationAdmitdate + 3)
	incident labID event	MRSA_incCount	1st labID event for a patient in the month where specimenDate >= (locationadmitdate + 3) and prevPos = 'N'
	labID event	MRSA_labidCount	1st labID event for a patient in the month

<b>VRE</b>	<b>Description</b>	<b>Variable name</b>	<b>Calculation</b>
	admission prevalent labID event	VRE_admPrevCount	1st labID event for a patient in the month where locationadmitdate <= specimenDate < (locationadmitdate + 3) or outpatient
	CO admission prevalent labID event	VRE_admPrevCOCCount	VRE_admPrevCount where onset = 'CO'
	HO admission prevalent labID event	VRE_admPrevHOCCount	VRE_admPrevCount where onset = 'HO'
	BSI admission prevalent labID event	VRE_admPrevBldCount	VRE_admPrevCount where specimenSource = 'BLDSPC'
	incident labID event (blood specimen)	VRE_bldIncCount	labID event w/specimenSource = 'BLDSPC' where there is no labID event w/specimenSource = 'BLDSPC' within prior 14 days and specimenDate >= (locationAdmitdate + 3)
	incident labID event	VRE_incCount	1st labID event for a patient in the month where specimenDate >= (locationadmitdate + 3) and prevPos = 'N'
	labID event	VRE_labidCount	1st labID event for a patient in the month
