NBS Results Pilot Project Feedback Survey

Survey Monkey was utilized to create a method for pilot feedback and recommendation. The survey link was sent to all hospitals participating and to those in the process of getting set up to participate.

Pilot Project Readiness

By May 27th we had two more hospitals ready to participate in the pilot; this brought the total number of participants to eight. Three more hospitals submitted participation forms and are in process of setting up for the pilot.

Participant Readiness

ASC 93	04/21/2010	K600 KAISER VALLEJO HOSPITAL
ASC 99	04/23/2010	R421 JOHN F KENNEDY MEMORIAL
