* Please note: **February 13, 2012** is the 2011 data-year-end close out. All case histories and/or Confidential Morbidity Reports with 2011 illness onset date should be submitted as early as possible. The State needs additional time to review and close out the LHD-closed out cases that require State review before submission to CDC. Note that cases not submitted by the deadline for provisional counts may still be submitted and included in the final 2011 count for California.
