

## MAP OF STATE CIGARETTE TAX RATES

Average State Cigarette Tax: \$1.65 per Pack

Average Cigarette Tax in Major Tobacco States: 48.5 cents per Pack

Average Cigarette Tax in Non-Tobacco States: \$1.80 per Pack

Map shows state cigarette tax rates in effect as of August 1, 2016 (PA effective 8/1/16). The states in bold have not increased their tax for at least 10 years (since 2006 or earlier). Currently, 34 states, DC, Puerto Rico, the Northern Marianas, and Guam have cigarette tax rates of \$1.00 per pack or higher; 16 states, DC, Puerto Rico, and Guam have cigarette tax rates of \$2.00 per pack or higher; eight states, Puerto Rico, and Guam have cigarette tax rates of \$3.00 per pack or higher; and one state (NY) has a cigarette tax rate more than \$4.00 per pack. The state averages listed above do not include Puerto Rico (with a population larger than those in more than 20 states and DC) or any of the U.S. territories (such as Guam). The major tobacco states with extensive tobacco farming and, often, cigarette manufacturing, are NC, KY, VA, SC, TN, & GA. Federal cigarette tax is \$1.01 per pack. Not shown are the special taxes or fees some states place on cigarettes made by Non-Participating Manufacturers (NPMs), the companies that have not joined the Master Settlement Agreement (MSA) between the states and the major cigarette companies. Some local governments also have their own cigarette taxes, such as Chicago (\$1.18), Cook County, IL (\$3.00), New York City (\$1.50), Philadelphia (\$2.00), and Juneau, AK (\$3.00). Nationally, estimated smoking-caused health costs and lost productivity totals \$19.16 per pack.

Table shows all cigarette tax rates in effect as of August 1, 2016 (PA effective 8/1/16). Since 2002, 47 states and the District of Columbia have increased their cigarette tax rates 126 times. The states in bold have not increased their tax for at least 10 years (since 2006 or earlier). Currently, 34 states, DC, Puerto Rico, the Northern Marianas, and Guam have cigarette tax rates of \$1.00 per pack or higher; 16 states, DC, Puerto Rico, and Guam have cigarette tax rates of \$2.00 per pack or higher; eight states, Puerto Rico and Guam have cigarette tax rates of \$3.00 per pack or higher; and one state (NY) has a cigarette tax rate more than \$4.00 per pack. Tobacco states are KY, VA, NC, SC, GA, and TN. States' average includes DC, but not Puerto Rico, other U.S. territories, or local cigarette taxes. The median tax rate is \$1.53 per pack. AK, MI, MN, MS, TX, and UT also have special taxes or fees on brands of manufacturers not participating in the state tobacco lawsuit settlements (NPMs).

**The highest combined state-local tax rate is \$6.16 in Chicago, IL, with New York City second at \$5.85 per pack.** Other high state-local rates include Evanston, IL at \$5.48 and Juneau, AK at \$5.00 per pack. For more on local cigarette taxes, see: <http://tobaccofreekids.org/research/factsheets/pdf/0267.pdf>.

Federal cigarette tax is \$1.01 per pack. From the beginning of 1998 through 2002, the major cigarette companies increased the prices they charge by more than \$1.25 per pack (but also instituted aggressive retail-level discounting for competitive purposes and to reduce related consumption declines). In January 2003, Philip Morris instituted a 65-cent per pack price cut for four of its major brands, to replace its retail-level discounting and fight sales losses to discount brands, and R.J. Reynolds followed suit. In the last several years, the major cigarette companies have increased their product prices by almost \$1.00 per pack. **Nationally, estimated smoking-caused health costs and lost productivity totals \$19.16 per pack.**

The weighted average price for a pack of cigarettes nationwide is roughly \$6.01 (including statewide sales taxes but not local cigarette or sales taxes, other than NYC's \$1.50 per pack cigarette tax), with considerable state-to-state differences because of different state tax rates, and different manufacturer, wholesaler, and retailer pricing and discounting practices. AK, DE, MT, NH & OR have no state retail sales tax at all; OK has a state sales tax, but does not apply it to cigarettes; MN & DC apply a per-pack sales tax at the wholesale level; and AL, GA & MO (unlike the rest of the states) do not apply their state sales tax to that portion of retail cigarette prices that represents the state's cigarette excise tax.
