

Information for People with Degrees From Outside the United States

Foreign Degree Equivalency Statement

Applicants who have obtained their education outside the U.S. and its territories must have their academic degree(s) validated as equivalent to the Baccalaureate or Master's degree conferred by a regionally accredited college or university in the U.S. Validation of a foreign degree does not eliminate the need for a "Verification Statement" of completion of a Didactic Program in Dietetics (DPD). You will need to obtain an Official Review Document before you can request a Verification review by the director of an approved U.S. Didactic Program in Dietetics (DPD).

There are several agencies that can review your transcripts and provide you with a "Credential Evaluation Report". Contact them for current information, procedures, and costs.

Association of International Credential Evaluators
P.O. Box 6756
