

## Summer 2010 Presentations

The Industry Education and Training Unit of the California Department of Public Health is pleased to announce an upcoming training opportunity for the food industry. Two presentations have been scheduled for July 2010 and cover the current Good Manufacturing Practices (cGMP) for food. They are offered free of charge, although advanced registration is required.

**“Good Manufacturing Practices for the Food Industry”** is an introduction to the current Good Manufacturing Practices (cGMP) for food facilities covered in 21 CFR Part 110. Sections discussed include Facilities and Grounds, Personnel, Equipment, Processes and Controls and their relationship to the regulation.
