Center Overview

The California Department of Public Health (Public Health), Center for Health Care Quality (Center), Licensing & Certification Program, is responsible for regulatory oversight of licensed health care facilities and health care professionals to ensure safe, effective, and quality health care for all Californians. The Center fulfills this role by conducting periodic inspections and complaint investigations of health care facilities to ensure they comply with federal and state laws and regulations. The Center licenses and certifies over 7,500 health care facilities and agencies in California in 20 facility categories in 30 different licensure and certification categories.

The U.S. Department of Health and Human Services' Centers for Medicare and Medicaid Services (CMS) awards federal grant monies to the Center to certify that facilities accepting Medicare and Medicaid (Medi-Cal) payments meet federal requirements. The Center evaluates health care facilities for compliance with state and federal laws and regulations, and contracts with the Los Angeles County Department of Public Health to certify health care facilities located in Los Angeles County.

In addition, the Center oversees the certification of nurse assistants, home health aides, hemodialysis technicians, and the licensing of nursing home administrators. These activities are funded by the State Department of Public Health Licensing and Certification Program Fund (Fund 3098), federal funds (Title XVIII and Title XIX Grants), and reimbursement funds associated with interagency agreements with the Department of Health Care Services.

Center for Health Care Quality Budget Projections

Current Year 2015-16

The 2015 Budget Act appropriated \$246,769,000 to the Center. The Center projects a revised fiscal year 2015-16 expenditure authority of \$251,045,000, which is an increase of \$4,276,000 or 1.7 percent compared with the Budget Act. This increase is the result of salary, wages, and other standard adjustments.

Budget Year 2016-17

For 2016-17, the Center estimates expenditures will total \$264,154,000, which is an increase of \$17,385,000 or 7.0 percent compared with Budget Act. This increase is the result of \$6,150,000 for standard adjustments, \$10,655,000 for the full year cost of the positions granted in the 2015-16 Budget Change Proposal (HQ-04) *Licensing and Certification State Workload*, and \$580,000 for the net cost of 2016-17 Budget Change Proposal (HQ-02) *Timely Investigation of Caregivers*. The *Timely Investigation of Caregivers* proposal converts 18.0 limited-term positions to permanent status, and adds 2.0 permanent attorney positions. The \$580,000 increase is the requested \$2,495,000 in new and ongoing authority, less \$1,915,000 to support the existing 18.0 limited-term

positions that expire in 2015-16. These positions support the Professional Certification Branch to complete timely investigations of caregivers.

The estimated expenditures for 2016-17 also include Budget Change Proposal (HQ-08) *Licensing and Certification Program Quality Improvement Projects*. This proposal requests a \$2,000,000 appropriation from the Internal Departmental Quality Improvement Account (Fund 0942-222) to support the redesign of the Health Facilities Consumer Information System and a redesign of the Central Applications Unit IT systems. The Health Facilities Consumer Information System is a public-facing website that enables consumers to access information regarding health care facilities. The Central Applications Unit IT systems will be redesigned to replace paper-based processes with information technology solutions that will enable Public Health to comply with Affordable Care Act requirements for tracking facility ownership. Health and Safety Code section 1280.15(f) mandates the Internal Departmental Quality Improvement Account be used for the sole purpose of quality improvement activities in the Licensing and Certification Program. These planned activities are consistent with that purpose, and the account has a sufficient balance to support this effort.

In addition to the 2.0 attorney positions requested to support the Professional Certification Branch, the Center's workload analysis indicated an increase of 7.8 Health Facilities Evaluator Nurse positions and 7.9 support and supervisor positions (a total of 15.7 positions) are required to complete mandated workload. The Center does not request these positions at this time. The estimated 7.8 Health Facility Evaluator Nurses reflects a change of 1.3 percent compared with current staffing levels. The Center expects this type of variation from year to year and may put forth a request in a future Estimate or Budget Change Proposal. Table 1 below compares the 2015 Budget Act with the 2016-17 November Estimate.

Table 1
Comparison of 2015 Budget Act with 2016-17 November Estimate

*Public Health became the Administrator of the Internal Health Information Integrity Quality Improvement Account (IHIIQA) - Fund 3151, effective July 1, 2015. Public Health will request elimination of this fund in fiscal year 2016-17

** Includes Baseline Budget Adjustments for item 9800 (salaries and benefits) and 3.60 (retirement)

*** Includes Baseline Budget Adjustments for item 9800 (salaries and benefits), 3.60 (retirement), ProRata, and overhead. Also includes 14/15 SFL HQ-01 Limited Term take-down, and 15/16 BCP HQ-04 full term adjustments.

Resource Estimate Methodology/Key Drivers of Cost

The Center's Estimate projects the workload associated with all programmatic functions and the corresponding number of positions needed to perform these functions.

The Center's workload is determined by the following cost drivers:

- **Facility Count** – The number of health care facilities to survey or investigate.
- **Activity Count** – The number of pending and projected activities for Center staff to perform. This is based on the Center's projections of the number of new and renewal licensing and certification surveys and complaint investigations the Center will conduct in 2016-17. Some activities, for example federal recertification surveys, must occur on a specified frequency. The Estimate includes the workload associated with the number of pending complaints the program anticipates will remain from prior years that will be completed in the budget year.
- **Standard Average Hours** – The number of hours needed to complete an activity. The Center calculates this number for each activity by facility type based on the actual average time spent on the activity by facility type in the past three years.

To estimate the workload for each activity by facility type, the Center uses the following formulae:

- Complaint and other variable workload hours = Standard average hours x projected activity count.
- Survey workload hours = Standard average hours x facility count x required frequency.

The Center then calculates the amount of additional time associated with non-survey functions (e.g., federal and state training, meetings, etc.) to calculate the overall time required by Health Facilities Evaluator Nurses and Health Consultants. Finally, the Center uses the total number of Health Facilities Evaluator Nurses to calculate the number of supervisors and administrative positions needed to support these nurses.

Major Assumptions

Future Fiscal Issues

The Center has no future fiscal issues.

New Assumptions/Premises

Budget Change Proposal HQ-02: Timely Investigations of Caregivers

Background: The Professional Certification Branch certifies nurse assistants, home health aides, and hemodialysis technicians, and licenses nursing home administrators (collectively caregivers). It also investigates allegations involving health care professionals and the enforcement of disciplinary actions. Federal and state laws require investigation of complaints against caregivers. These laws include Social Security Act sections 1819 and 1919, Title 42 of the Code of Federal Regulations, California Health and Safety Code sections 1337 and 1338, Business and Professions Code section 1247, and Government Code section 11400.

In 2014-15, to support timely investigations of allegations/complaints of unprofessional conduct filed against caregivers, the Professional Certification Branch received 18.0 two-year limited-term positions.

The Professional Certification Branch may issue administrative actions or penalties when complaints are substantiated. Analysts represent Public Health at administrative hearings when caregivers appeal administrative actions. The administrative law judges increasingly require the Professional Certification Branch analysts to provide complicated legal briefs and respond to questions of evidence and legal issues at hearings. The administrative law judges also frequently challenge the analysts' qualifications to assume this role in the administrative hearings, and question why the Professional Certification Branch is not represented by attorneys similar to other Public Health programs, such as the Woman, Infants, and Children Program.

Description of Change: Convert the 18.0 two-year limited-term positions approved in 2014-15 to permanent positions, and authorize 2.0 additional positions for the Office of Legal Services to support the Professional Certification Branch.

Discretionary? Y/N: Yes.

Reason for Adjustment/Change: Converting the 18.0 two-year, limited-term positions to permanent positions will allow the Professional Certification Branch to improve the timeliness of complaint investigations from greater than one year to less than three months by fiscal year 2018-19. One attorney will serve as the Professional Certification Branch litigation support to represent Public Health at administrative appeal hearings. The second attorney will serve as house counsel to provide legal advice and assistance on disciplinary actions, regulations, policies and procedures, bill analyses, contracts, subpoenas, Public Records Act requests, and media responses. The house counsel will work closely with the administrative litigation attorney to provide consistent guidance to help ensure appealed disciplinary actions are upheld by the Administrative Law Judges.

Fiscal Impact: \$2,495,000 in expenditure authority from the Licensing and Certification Program Fund in 2016-17 and ongoing.

Budget Change Proposal HQ-08: Licensing and Certification Program Quality Improvement Projects

Background: Chapter 605, Statutes of 2008 (SB 541) established the Internal Departmental Quality Improvement Account. As required by statute, the Center has used the funds to contract for, develop, and maintain program quality improvement activities.

As required by the Centers for Medicare and Medicaid Services in June 2012, the Center contracted with Hubbert Systems Consulting to “conduct a comprehensive assessment of the Department’s entire survey and certification operations.” In August 2014, Hubbert Systems Consulting provided a final report containing 21 recommendations to “allow for meaningful, measurable improvements in the Center’s performance.”

In 2015-16, the Center will execute two contracts to implement recommendations from the Hubbert Systems Consulting report. One contract will evaluate the Center’s recruitment efforts, and design and implement a comprehensive recruitment plan. The other contract will evaluate the Center’s employee onboarding and employee retention efforts, and implement changes to existing onboarding and retention practices as necessary.

In 2016-17, the Center proposes to complete two additional projects to implement Hubbert System Consulting’s recommendations. The first project is to redesign the Central Applications Unit IT systems by replacing substantially paper-based processes with information technology solutions. The other project is a redesign of the Health Facilities Consumer Information System.

Description of Change: The Center requests expenditure authority of \$2,000,000 in 2016-17 from the Internal Departmental Quality Improvement Account to implement program quality improvement projects recommended by Hubbert Systems Consulting.

Discretionary? Y/N: Yes.

Reason for Adjustment/Change: This proposal will allow the Center to address additional program quality improvement recommendations stemming from the Hubbert Consulting report.

Fiscal Impact: \$2,000,000 in 2016-17 from the Internal Departmental Quality Improvement Account fund.

Existing (Significantly Changed) Assumptions/Premises

The Center has no changes to existing assumptions/premises.

Unchanged Assumptions/Premises

The Center has no unchanged assumptions/premises.

Discontinued Assumptions/Premises

The Center has no discontinued assumptions/premises.

*Reflects authorized Center positions as of July 1, 2015. 19 Center positions as reflected in May Revise were redirected for Departmental Administration (8 from the Resource and Operations Management Branch and 11 from Administrative Staff. In addition, one Health Facilities Evaluator Manager II position was lost in 2014-15 as a result of Government Code section 12439.

**Reflects position requirements based on workload analysis. Includes 2 attorneys for the Professional Certification Branch.

***Reflects adjustments to not request an increase in position authority.

Appendix C

Detailed Assumptions

1. Methodology:

To estimate the workload for each facility type, the Center uses the following general formulae:

- Complaint workload = Standard average hours x activity count (projected complaints).
- Survey workload = Standard average hours x facility count x required frequency (if applicable).

The Center then estimates the positions needed to accomplish the workload. Specifically, the formula for estimating positions is:

Health Facilities Evaluator Nurse positions (for complaints, entity reported incidents, and other non-periodic workload):

- Health Facilities Evaluator Nurse = ([standard average hour x activity count]/non-survey factor)/1,800 hours.

Health Facilities Evaluator Nurse positions (for surveys):

- Health Facilities Evaluator Nurse = ([standard average hour x facility count x mandated frequency rate]/non-survey factor)/1,800 hours.

Supervisor and support staff positions:

- Supervisors = 1 supervisor to 6 Health Facilities Evaluator Nurses
- Support staff for state workload = 1 support staff to 6 (Health Facilities Evaluator Nurses and Supervisors)
- Support staff for federal workload = 1 support to 5 Health Facilities Evaluator Nurses/supervisor

2. Facility Counts:

A health facility means any facility or building that is organized, maintained, and operated for the diagnosis, care, prevention, and treatment of human illness, physical or mental, including convalescence and rehabilitation and including care during and after pregnancy, or for any one or more of these purposes, for one or more persons, to which the persons are admitted for a 24-hour stay or longer.

- Facilities are counted by facility type (e.g., Skilled Nursing Facility, General Acute Care Hospital, Home Health Agency, etc.), and facilities opened as of a point-in-time of the current fiscal year as reported by the Centers for Medicare and Medicaid Services' Automated Survey Processing Environment for certified facilities, and facilities open as of July, 2015 as reported in the Electronic Licensing Management System.
- Only active and open main facilities and skilled nursing distinct part facilities are counted for purposes of this Estimate.
- For some facility types, there may be a difference in the number of licensed facilities versus the number of certified facilities. This is due to some facilities being licensed only or certified only. Additionally, there may be minor discrepancies due to the use of different data sources required by the Centers

for Medicare and Medicaid Services, and/or the timing of data reconciliation activities.

3. **Health Care Facility List:**

The Center has added “Community Mental Health Center” as a new facility in the Community Clinic category in 2015-16.

- Adult Day Health Centers
- Alternative Birthing Centers
- Acute Psychiatric Hospitals
- Chronic Dialysis Clinics
- Chemical Dependency Recovery Hospitals
- Congregate Living Health Facilities
- Community Clinic/Free Clinic/Community Mental Health Center
- Correctional Treatment Centers
- General Acute Care Hospitals
- Home Health Agencies
- Hospice
- Hospice Facilities
- Intermediate Care Facilities
- Intermediate Care Facilities – Developmentally Disabled (DD):
DD-Habilitative; DD-Nursing
- Pediatric Day Health/ Respite Care
- Psychology Clinics
- Referral Agencies
- Rehabilitation Clinics
- Skilled Nursing Facilities
- Surgical Clinics

4. **Survey Activities:**

Licensing survey activities based on state mandated requirements. State licensing surveys include the following activities performed by surveyors:

- Re-licensure
- Re-licensure – Follow-up
- Initial Licensure
- Initial Licensure – Follow-up
- Complaint Investigations/Entity Reported Incident Investigations – State
- Field Visits
- Review Medical Error Plan

Certification survey activities are based on the federal Centers for Medicare and Medicaid Services’ tiered activity requirements. Federal certification surveys include the following activities performed by surveyors:

- Re-certification
- Re-certification – Follow-up
- Initial Certification
- Initial Certification – Follow-up

- Life Safety Code
- Life Safety Code – Follow-up
- Complaint/Entity Reported Investigations – Federal
- Complaint Validation
- Validation
- Validation – Follow-up
- Informal Dispute Resolution
- Federal Hearings
- Pre-Referral Hearings
- Monitoring Visits

5. Time Entry and Activity Management:

The provisions of Health and Safety Code section 1266(e) require the Center to capture and report workload data by category (survey activity and facility type). The Time Entry and Activity Management system captures data on the number of survey counts and the total hours spent for each survey activity to determine the standard average hours that it takes to accomplish specific workload.

6. Survey Workload:

Survey workload is either state mandated (licensing survey) or federal Centers for Medicare and Medicaid Services mandated (certification survey).

7. Standard Average Hours:

Standard average hours are the average hours each survey activity takes to complete. The Center used, July 1, 2012 through June 30, 2015 closed complaints and exited survey data to calculate standard average hours for this Estimate.

8. Complaint and Entity Reported Incidents Counts:

Complaints and entity reported incidents derived from the Automated Survey Processing Environment data of all complaints and entity reported incidents received in the July 1, 2012 through June 30, 2015 period, as a three-year average.

9. Opened Complaints and Entity Reported Incidents:

Includes all open complaints and entity reported incidents as of June 30, 2015.

10. Annualized Workload Hours:

Annualized workload determined by the corresponding state or federal mandated survey requirements multiplied by the standard average hours that have been adjusted to include non-survey administration hours.

11. Surveyor Positions:

Surveyor positions consist of Health Facilities Evaluator Nurses and Consultants. Consultant positions make up 9.46 percent of total surveyors. The Center uses 1,800 functional hours per position per year for state field operations staff. The Los Angeles County contract uses 1,760 functional hours per position per year for its

equivalent staff, consistent with bargained agreements between Los Angeles County and its employees.

12. Position Classification Costing:

Salaries for Headquarters and Field Operations administrative staff are based on the mid-step salary range and varying rates of travel reflected in the Operating Expense and Equipment costs (chart below). Operating expense and equipment costs are based on standard costs for the department. The Health Facility Evaluator Nurse position includes high travel for all surveyors, and additional training costs of \$3,472.

Operating Expenses and Equipment

STANDARD COSTS	FY 2015/16	FY 2016/17
General Expense	\$ 3,400	\$ 3,400
Printing	1,800	1,800
Communications	1,300	1,300
Travel – Light	3,000	3,000
Travel – Medium	7,500	7,500
Travel – High	13,000	13,000
Training	300	300
Facilities	10,500	10,500
Data Center	300	300
Office Automation*	2,000	2,000

*onetime cost to set up new positions

ADDITIONAL COSTS

HFEN Training	\$ 3,472	\$ 3,472
---------------	----------	----------

- Operations expense and equipment costs for all non-Health Facility Evaluator Nurses have been reduced to reflect light travel in 2016-17.
- Cost factors for Los Angeles County contract surveyor and supervisory classifications are based on the current salary levels for 2015-16, as listed in Contract agreement #15-10003.

13. Staffing Ratios:

State Ratios:

- The allocation of the Health Facility Evaluator II Supervisor positions is computed using a (1:6) ratio: 1 Health Facility Evaluator II Supervisor for every 6 Health Facility Evaluator Nurses.
- The allocation of the Program Technician II is computed using a (1:6) ratio: 1 Program Technician II for every 6 of the combined Health Facility Evaluator Nurses/Health Facility Evaluator II Supervisor.

Federal Ratios:

- The allocation of the Health Facility Evaluator II Supervisor positions is computed using a (1:5) ratio: 1 Health Facility Evaluator II Supervisor for every 5 Health Facility Evaluator Nurses.

- The allocation of the Program Technician II positions is computed using a (1:5) ratio: 1 Program Technician II for every 5 Health Facility Evaluator Nurses.

The Los Angeles County contract uses the same state and federal staffing ratios listed above.

14. All surveyor workload and related administrative costs for Los Angeles County Contract #15-10003 are displayed separately, and \$41,789,046 is used as the base.

15. Federal grant amounts are estimated for 2015-16 and 2016-17. The federal fiscal year 2016 Federal Grant approval, anticipated in the spring of 2016, and the 2016-17 November Estimate reflect the approved federal grant amount for federal fiscal year 2015.

16. Workload calculations and costs are displayed by each facility type, and footnotes are entered throughout the displays and summaries.

17. Fund Sources:

General Fund (0001G)

Federal Trust (0890):

- Title XVIII Long Term Care
- Title XVIII Non-Long Term Care
- Title XVIII Hospice Care
- Title XIX Long Term Care
- Title XIX Non-Long Term Care

Special Deposit Fund (0942)

- Internal Department Quality Improvement Account (222)
- Skilled Nursing Facility Minimum Staffing Penalty Account (248)
- State Health Facility Citation Penalty Account (601)
- Federal Health Facility Citation Penalty Account (605)

Reimbursement (0001R)

State Department of Public Health Licensing & Certification Program Fund (3098)

Internal Health Information Integrity Quality Improvement Account (3151)

18. Contract costs are included for executed contracts only.

Changes to Detailed Assumptions from the 2015-16 May Revision

- Item 3, added Community Mental Health Center to the Community Clinic facility type.
- Item 12, updated Los Angeles County contract information. Added: Operations expense and equipment costs for all non-Health Facility Evaluator Nurses were reduced to reflect light travel.
- Item 13, Los Angeles County contract staffing ratios are identical to state and federal ratios.
- Item 14, updated Los Angeles County contract amount.
- Item 17, updated Title XVIII Hospice Care. Added: Internal Health Information Integrity Quality Improvement Account, a new Center for Health Care Quality fund that transferred to Public Health from the California Health and Human Services Agency, effective July 1, 2015.

Descriptions:

Schedule 10Rs - Schedule of Revenues and Transfers. The schedule 10Rs are required to report General Fund and Special Fund revenue and transfer data for the preparation of the Governor's Budget and other special budget processes.

General Fund - 0001 Government Code sections 16300-16315. The General Fund has existed since the beginning of the State as a political entity. It is the principal operating fund for the majority of governmental activities and consists of all money received in the Treasury that is not required by law to be credited to any other fund.

Reimbursement Fund - General Fund 0001 "R" Reimbursement. This is a fund for budgetary purposes only. It is set up separately as a General Fund Special Account and is used in the schedule of appropriation for reimbursements. Reimbursement Fund 0995 is used in this purpose to capture the funding source.

General Fund for State Facilities Section - General Fund 0001 "G" General. General Fund "G" is the funding source to recoup fees for survey cost incurred in fee exempt state-owned facilities, including the state match cost of survey performed in certified-only facilities. Funding is specifically appropriated from the General Fund in the annual Budget Act or other enacted legislation.

Federal Trust Fund - 0890 Chapter 1284, Statutes of 1978. Government Code sections 16360-16365. Section 16361 of the Government Code appropriates the fund, "...without regard to fiscal year, for expenditure for the purposes for which the money deposited therein is made available by the United States for expenditure by the state."

Title XVIII - Social Security Act, 1864(a). Medicare health insurance for the aged and disabled.

Title XIX - Social Security Act, 1902(a)(33)(B). Medicaid low income program that pays for the medical assistance for individuals and families of low income and limited resources."

Special Deposit Fund - 0942 Government Code sections 16370-16375, and 16377 provide that the fund is appropriated to fulfill the purposes for which payments into it are made. The fund was created by Statute in 1880 and codified by the Statutes of 1907 as Section 453a of the Political Code.

Special Fund - 3098 Chapter 483, Statutes of 2007 (SB 1039), Health and Safety Code section 1266.9. This fund is created in Chapter 528, Statutes of 2006. Original Administrative Organization Code 4260 was changed to 4265 due to the Department of Health Services splitting into two departments effective July 2007 according to Chapter 241, Statutes of 2007 (SB162). This fund, originally titled the State Department of Health Services Licensing and Certification Program Fund, was retitled to the State Department of Public Health Licensing and Certification Program Fund in Chapter 483, Statutes of 2006 (SB1039). Its purpose is to support the Licensing and Certification Program's operation.

Internal Health Information Integrity Quality Improvement Account - Fund 3151 - Chapter 602, Statutes of 2008 (AB 211) Section 2, Health and Safety Code section 130204. This fund is newly established for the Center of Health Care Quality, Licensing and Certification Program effective July 1, 2015 per Budget Act for the purpose of supporting quality improvement activities relating to Health Information Integrity. Originally, the administering agency was the California Health and Human Services Agency (Org. 0530).
