Spring 2013 Food Industry Training

The Food and Drug Branch, Industry Education and Training Unit is pleased to announce upcoming food safety training courses for the food industry. These trainings are **FREE** of charge for food processors with a valid Processed Food Registration issued by the Branch. Advance registration is required.

1) Current Good Manufacturing Practices (cGMPs) for the Food Industry

This is an introductory and comprehensive training on cGMPs for food facilities as required by Title 21, Code of Federal Regulations, Part 110. The topics to be discussed include facilities and grounds, personnel, equipment, and processes and controls.

Who Should Attend:

Front-line food handlers, supervisors, managers and owners.

2) Food Recalls: Essentials for Action

This training will discuss the development and implementation of a recall plan and what food companies should do before, during and after a food recall.

Who Should Attend:

Quality assurance staff, supervisors, managers and owners.
