

CHVP LOCAL HEALTH JURISDICTION PROFILE NARRATIVE

Please use the following template to guide the development of the Local Health Jurisdiction (LHJ) Program Profile Narrative as a part of the annual Agreement Funding Application (AFA) submission package. This information provides the context within which your California Home Visiting Program (CHVP) operates. **Please focus the profile narrative on the “high- risk community” your LHJ will be serving.** Keep the narrative to a **maximum of two pages.**

This narrative will only focus on CHVP.

Instructions for completing the items below:

- Only complete items 1-2 below if the information your agency submitted in the Request for Supplemental Information (RSI) needs to be updated.
 - Indicate **“No changes to submit”** if the response to the items below do not require updating or new information from the RSI.
1. Describe the geographic, socioeconomic, and cultural composition of the “high-risk community” that the LHJ site will target for home visiting services. Please see below for specifics and address each area:
 - a. Geographic boundaries
 - b. Socioeconomic and cultural composition of the “high-risk community”
 2. Describe barriers to health service delivery in/among the “high-risk community”.

Access to:

- a. Primary care providers
- b. Providers using Medi-Cal
- c. Obstetric care specialists
- d. Labor and delivery hospitals
- e. Hospitals servicing neonatal care
- f. Community agencies that support maternal, infant, and family health needs (e.g. alcohol, drug abuse, domestic violence, mental health, etc.)
