The client below is newly enrolled in PrEP-AP administered by the California Department of Public Health (CDPH). The client may be eligible to receive assistance from CDPH for PrEP-related medical out-of-pocket costs. Providers must verify client eligibility in PrEP-AP prior to rendering services. All claims must also include an ICD-10 code(s) substantiating the provider visit as being PrEP-related.

Please do not charge the client for PrEP related services for any reason. To receive payment for allowable PrEP-related services, please bill PrEP-AP's Medical Benefits Manager, Pool Administrators, Inc.
