APPLICATION FOR TABULATED CALIFORNIA VITAL RECORDS DATA

Data Use Agreement (Signature Required)

I, the undersigned, agree to the following:

1. Any publication based on these data will include a disclaimer that credits any analyses, interpretations, or conclusions reached to the author and not to the CDPH.
2. All published technical descriptions of the data will be consistent with those provided by CDPH.

Disclaimer

Vital records data, prepared pursuant to Health and Safety Code Section 102230, may not be accurate or complete due to a variety of circumstances, including amendments to the legal records that may have been filed after the production of the data files.

In order to prevent inadvertent or intentional re-identification of individuals from tabular data, the Center for Health Statistics and Informatics reviews all tables prior to release, and implements cell suppression procedures to ensure that no cell in any published table has a value representing fewer than five events. In order to prevent inadvertent or intentional re-identification of individuals from tabular data, the Center for Health Statistics and Informatics reviews all tables prior to release, and implements cell suppression procedures in accordance with the [California Health and Human Services Data De-Identification Guidelines \(PDF\)](#).

Cell suppression may take the form of not including extremely small categories in the table to ensure that all published cells are based on five or more events. Cell suppression may also be implemented by censoring individual cells in the table.
