**Genetic Counselor Licensure Continuing Education Declaration**

Name: \_\_\_\_\_ License Number: GC \_\_\_\_\_ Expiration Date: \_\_\_\_\_

This report should be submitted with your application for renewal of your Genetic Counselor License. Do not attach any supporting documents to this declaration but maintain those documents in your personal files.

On the pages that follow, list all approved National Society of Genetic Counseling (NSGC) Category 1 continuing education units (CEUs) and contact hours [Part 1], and all approved NSGC Category 2 CEUs and contact hours [Part 2] declared during your current licensure period.

On this page, total all CEUs and contact hours declared. Check that you have a minimum of thirty (30) NSGC Category 1 CEU contact hours, and a total of at least forty-five (45) CEU contact hours.

It is important to note that one NSGC CEU is equivalent to ten contact hours of continuing education. American Board of Genetic Counseling Professional Activity Credits do not count towards the contact hours of continuing education required for license renewal.

	CEUs	Contact Hours
Part 1 – Total (all pages) NSGC Category 1 CEUs		
Part 2 – Total (all pages) NSGC Category 2 CEUs		
<b>Total CEUs Declared</b>		

I certify that the information I have provided on this declaration page is true and correct. I am aware that this declaration is subject to audit by GDSP at its discretion.
