Thank you for participating in this important study:

• This is a survey about teen health and attitudes. It includes questions about tobacco and related products. There are no right or wrong answers. Only you will know how you answered the questions, so please answer as honestly as you can.

• The survey isn’t timed, but we expect it to take around 50 minutes to finish.

• You do not have to answer all of the questions, but we hope you will.

• Please do not write your name on this booklet or on the answer sheet. This will protect your privacy.

• Please mark all of your answers only on the answer sheet. Do not write on the survey booklet. Mark only one answer unless told to “Mark ALL that apply.” Please fill in the bubbles neatly with a #2 pencil.

• Please read each question carefully. Many ask about a specific time period or about a lot of tobacco products. Pay extra attention to words that are CAPITALIZED, in bold print, or underlined.

• Remember, first read the booklet, then mark on your answer sheet.
