

Lead-Related Construction Certification Renewal Forms and Instructions

California Department of Public Health, Childhood Lead Poisoning Prevention Branch,
Lead-Related Construction Unit

Renewing Certificates:

Your California Department of Public Health (CDPH) certificate must be renewed every year. To renew your certificate, you need to have satisfied the Continuing Education requirement and pay the yearly renewal fee. CDPH uses your birth date to determine your expiration date for new applications, by adding one year to the next birthday. Renewals are extended one more year from that date, regardless of when you apply. You will not lose time on your certification by applying early.

Continuing Education Requirement:

You must complete at least 7 hours of CDPH-approved lead-related construction Continuing Education every **two** years. Additionally, any one Continuing Education class can only be used for a maximum of two renewals. You should complete your Continuing Education before applying to CDPH for renewal.

Renewal Deadlines:

You must apply to CDPH for renewal at least **120 calendar days** before your certificate expires. If you do not apply in time, your certificate may expire before CDPH can renew it. There are no extensions and CDPH can **not** expedite processing any renewals. Please take this into consideration when scheduling your Continuing Education.

Photograph:

You need to send a photograph of yourself with your renewal application, either a print or a digital photo. CDPH has implemented a datacard system to replace the laminated ID cards. You will receive a new card with each renewal, with the photograph electronically printed directly on the card. Old cards should be discarded upon expiration. Notify CDPH immediately if your ID card is lost or stolen.

Applying for Renewal:

To renew your certificate you must do the following:

- o If it is required this year, complete the required CDPH-approved Continuing Education (CE). Continuing Education is not required if your most recent CE is less than two years old, **and** was submitted with your most recent previous renewal application.

- o Complete and sign the attached renewal form (CDPH 8553). If you are renewing more than one certificate, you can renew them all with one application.
- o Include the pink Course Completion Form (CDPH 8493) you get from your Continuing Education training provider. (If Continuing Education is not required this year, check the appropriate box near the bottom of CDPH Form 8553, page one.)
- o Include the proper fees for **each** certificate you want to renew. You may use a single check or money order to pay for several fees. CDPH cannot accept cash. Make check or money order payable to "California Department of Public Health". All fees are **non-refundable**.
- o Include a recent photograph of yourself. It should be a 2" x 2" or larger passport style photograph, with your name and certification number printed on the back. Alternatively, you can send a digital photograph (with your name as the file name) and e-mail to LeadPhotos@cdph.ca.gov. Do **not** send a printout of a digital photo.
- o Keep a copy of your application for your records.
- o Mail all your renewal materials together to:
**Childhood Lead Poisoning Prevention Branch
850 Marina Bay Parkway
Building P, Third Floor, Box C
Richmond, CA 94804-6403**

Do not address your renewal to a specific person at CDPH. This will slow down its delivery time.

You may also hand-deliver your application, Monday through Friday, between 9:00 a.m. and 4:00 p.m. at the above address. Please note that a "government issued identity card" must be presented for entrance to our facility. All hand delivered renewals must be in a sealed envelope with the above address on the outside.

If you are submitting renewals for several people, make sure each person signs their renewal form. Paper-clip each person's materials together.

Expired Certificates:

If you do not renew on time, and your certificate expires, **you can not perform work requiring CDPH certification.** There is no grace period. To keep your certificate current, you must renew it before it expires. If your certificate expires before you renew it, your new expiration will be calculated from the old expiration date, not the renewal application date.

Renewing an Expired Certificate:

If it has been **less** than 3 years since your certificate expired, you may renew it by completing 7 contact hours of CDPH-approved Continuing Education and sending CDPH a renewal application with the correct fee(s). (To renew a Worker certificate, take Continuing Education for Workers. To renew an Inspector/Assessor, Project Monitor or Sampling Technician certificate, take General Continuing Education. To renew a Supervisor certificate, take either Worker or General Continuing Education.)

If it has been **more** than 3 years since your certificate expired, you **must** take the full initial lead-related construction course again and then send CDPH a renewal application with the course completion form and the correct fee(s).

When you renew an expired certificate, you will receive a new expiration date. Expiration dates are now based on your birth date. Your certificate ID number will stay the same.

Remember, you **may not** do work requiring CDPH certification if your certificate has expired.

Renewing Several Certificates:

If you have several certificates that all expire on the same day, you may renew them all at the same time, using 1 application. You still have to pay a renewal fee for each certificate.

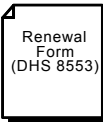

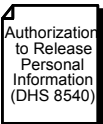

If you have several certificates with different expiration dates you should plan to take Continuing Education about 160 days before your **earliest** (first) certificate expires.

You may renew each certificate separately. If you choose this option, CDPH will renew each certificate, separately, as you apply. Be sure to keep copies of your Continuing Education Course Completion Form and include a copy with each separate renewal application. The expiration date for each certificate will be based on your birthday.

Renewing Early:

CDPH encourages you to apply for renewal at least 120 days before your certificate expires. This will ensure that your certificate is renewed before it expires. You will **not** lose time on your certificate by applying early for renewal. Each time you renew your certificate, CDPH adds 1 full year to the certificate's expiration. If you wait until your certificate expires, you will not gain any additional time.

What Your Renewal Should Include:

Required Items			Optional
 Photo	 Renewal Form (DHS 8553)	 Course Completion Form (DHS 8493)	 Check or Money Order
			 Authorization to Release Personal Information (DHS 8540)

Renewal of Interim Certifications:

If you have an expired Inspector/Assessor, Supervisor, Project Monitor and/or Project Designer *interim* certificate, you will have to take the original training over again, and pass the appropriate California Lead Certification Exam(s) before your certificate(s) can be renewed. (Workers do not have to take an Exam).

If you have questions about the exams, call CPS HR at **1-916-263-3644** or visit www.cpsshr.us. You can download study guides for each certificate from the CLPPB web site.

How Was Your Training?

CDPH monitors the quality of instruction given by the CDPH-accredited training providers. If you have comments, good or bad, about a CDPH-accredited lead-related construction training provider or a CDPH-approved course, call the Lead-Related Construction Information Line at **1-800-597-LEAD** (510-620-5694 outside California).

Attention Certified Lead Professionals!

Your name can appear on the State Lead Listing!

If you are currently certified, the California Department of Public Health (CDPH) can add your phone number and city to your entry on its *List of Certified Lead Professionals* at www.cdph.ca.gov/programs/CLPPB. This list is distributed statewide to consumers interested in your services. It is also posted on the Internet at www.cdph.ca.gov/programs/CLPPB. This list can help you get information about your services out to:

- ▶ Contractors
- ▶ Homeowners
- ▶ Realtors
- ▶ Vendors
- ▶ Training Providers
- ▶ Health Departments
- ▶ Apartment Managers
- ▶ Building Owners
- ▶ and Many More!

What to do: To add your phone number and city to your entry on the *List of Certified Individuals*, complete the Authorization form (DPH 8540) on the back of this page, sign it and return it to CDPH. If you do not send your Authorization to CDPH, only your name, certificate number, and expiration date will appear on the CDPH List of Certified Lead Professionals on the CLPPB website.

When to do it: If you are currently certified, send your Authorization to CDPH **now!** The sooner we get your Authorization, the sooner your information will appear on the List.

If you are not currently certified, send your Authorization to CDPH with your renewal materials. **When CDPH renews your certificate**, your information will appear on the list.

Questions: If you have any questions, please call the Lead-Related Construction Information Line at 1-800-597-5323. Outside California, call (510) 620-5694.

IMPORTANT: **All** information submitted to CDPH is subject to release under the California Public Records Act (Government Code 6250 et seq.). While CDPH will use its best efforts not to publicly release your personal information, requests for records or information under this act may **require** CDPH to release your personal information without your authorization.
