Re: SB 1 (Atkins): California Environmental, Public Health, and Workers Defense Act of 2019 (Support)

Dear Dr. Smith:

The California Conference of Local Health Officers (CCLHO) voted at the CCLHO Board meeting on April 4, 2019 to take a Support recommendation on SB 1 (Atkins), a bill that under current state law regulates the discharge of air pollutants into the atmosphere. The Porter-Cologne Water Quality Control Act regulates the discharge of pollutants into the waters of the state. The California Safe Drinking Water Act establishes standards for drinking water and regulates drinking water systems. The California Endangered Species Act requires the Fish and Game Commission to establish a list of endangered species and a list of threatened species, and generally prohibits the taking of those species. This bill would require specified agencies to take prescribed actions regarding certain federal requirements and standards pertaining to air, water, and protected species, as specified.

CCLHO was established in statute in 1947 to advise the California Department of Health Services (now California Department of Public Health), other departments, boards, commissions, and officials of federal, state and local agencies, the Legislature and other organizations on all matters affecting health. CCLHO membership consists of all legally appointed physician health officers in California’s 61 city and county jurisdictions.

Should you have any questions, please contact me by email at roldham@placer.ca.gov or by phone at (530) 745-3121. Thank you.

Sincerely,

Robert L. Oldham, MD, MSHA
President, California Conference of Local Health Officers
