The California Department of Public Health – Food and Drug Branch (FDB) has compiled resources to assist you during the current public health emergency related to COVID-19. The following webpages and documents were created by State of California departments, our Federal partners, and academic institutions. The webpage – www.COVID19.ca.gov – is also regularly updated with comprehensive information such as illness and testing data, personal and business support resources, and statewide news and updates related to the emergency.

**California Agencies**
1. COVID-19 Industry Guidance: Food Packing and Processing
2. Cal/OSHA COVID-19 General Checklist for Meat, Dairy, or Produce Packing or Processing
3. Statewide Industry Guidance to Reduce Risk
4. Cal/OSHA Guidance on Requirement to Protect Workers from Coronavirus

**Federal Agencies**
1. Implementing Safety Practices for Critical Infrastructure Workers Who May Have Had Exposure to a Person with Suspected or Confirmed COVID-19
2. Use of Respirators, Facemasks, and Cloth Face Coverings in the Food and Agriculture Sector During Coronavirus Disease (COVID-19) Pandemic
3. Cleaning and Disinfection for Community Facilities
4. Meat and Poultry Processing Workers and Employers (Interim Guidance from CDC)

**Academic Institutions**
1. University of California at Davis – Food Safety Extension
2. Cornell University – Institute for Food Safety
3. North Carolina State University Extension – COVID – 19 Food Safety Resources
