

# FOOD INDUSTRY TRAINING ANNOUNCEMENT

## Spring 2024

The Food and Drug Branch (FDB) has developed **FREE food safety webinars** for participants in the Processed Food Registration (PFR) program. The three series focus on implementing the current Good Manufacturing Practice (GMP) identified in Title 21, Code of Federal Regulations (CFR), Part 117, Subpart B, controlling food allergens in manufacturing establishments, and food labeling requirements. The short, 90-minute hosted webinars include an interactive presentation and time for “Questions and Answers”. Although class size is limited, employees of companies who maintain or have applied for a PFR with FDB are encouraged to register for all sessions of interest. An electronic certificate of attendance will be provided to each registered participant upon completion of the class. Each participant must log-in and use a separate computer, tablet, or phone to receive a certificate.

### Good Manufacturing Practice (GMP) – Modules 1 - 4

This presentation consists of four separate modules. Each module focuses on different topics such as the facility and grounds around your establishment, personnel practices, equipment sanitation and maintenance, and processes and controls for food safety.

### Allergen Control for Food Processors – Parts 1 & 2

This two-part presentation will cover the key elements for controlling food allergens. We will discuss compliance with applicable federal and state laws, including the Food Allergen Labeling and Consumer Protection Act (FALCPA), how to develop an allergen control plan, and more.

### Food Labeling Basics – Days 1 - 4

This presentation spans four days, each focusing on different aspects of food labeling. Parts of a food label, nutrition facts, required declarations, and more will be discussed. This introductory course is designed for those new to food labeling and those seeking to freshen their understanding of the regulatory requirements. A discussion of required testing and labeling of baby food is new for 2024 courses.

***Register Today – webinar spots are limited!***

Registration is first-come, first-served and will close when all seats are taken!

**Webinar Registration Calendar**

Webinar	Date / Time
GMP – Module 1 – Facilities and Grounds	<a href="#">4/2/2024 / 10:00 AM – 11:30 AM</a>
GMP – Module 2 – Personnel	<a href="#">4/9/2024 / 10:00 AM – 11:30 AM</a>
GMP – Module 3 – Equipment	<a href="#">4/16/2024 / 10:00 AM – 11:30 AM</a>
GMP – Module 4 – Processes and Controls	<a href="#">4/23/2024 / 10:00 AM – 11:30 AM</a>
Allergen Control – Part 1	<a href="#">5/2/2024 / 10:00 AM – 11:30 AM</a>
Allergen Control – Part 2	<a href="#">5/9/2024 / 10:00 AM – 11:30 AM</a>
Food Labeling Basics – Day 1	<a href="#">4/30/2024 / 10:00 AM – 11:30 AM</a>
Food Labeling Basics – Day 2	<a href="#">5/7/2024 / 10:00 AM – 11:30 AM</a>
Food Labeling Basics – Day 3	<a href="#">5/14/2024 / 10:00 AM – 11:30 AM</a>
Food Labeling Basics – Day 4	<a href="#">5/21/2024 / 10:00 AM – 11:30 AM</a>

- Step 1:** *If you maintain a PFR with FDB, choose the webinar you’d like to attend. Select the link and fill out the registration form.*
- Step 2:** *Add “no-reply@zoom.us” to your trusted senders list to prevent your spam filter from blocking your confirmation email.*
- Step 3:** *Check your email for confirmation of registration for each webinar. The webinar log-in information and password will be sent via email after your company information and PFR number is verified by FDB. Verification may take 14 days.*
- Step 4:** *Join the webinar five minutes before the scheduled start time.*
