

Registered Environmental Health Specialist Exam Results

List Publication Date: August 20, 2025

The table below represents the Registered Environmental Health Specialist Examination results of the past 3 years. The passing score, or pass point, is specific for each exam and is based on a number of factors including the mean, standard deviation, average difficult score, reliability score, Angoff probabilities, and other factors.

Exam statistics from each exam are carefully reviewed. All written comments from examinees, as well as questions with statistical abnormalities, are individually considered. If a question or the answer selection is misleading, the question is removed from the scoring.
