

State of California — Health and Human Services Agency

California Department of Public Health

REGISTERED TRAUMA SCENE WASTE MANAGEMENT PRACTITIONERS

LIST PUBLICATION DATE: September 13, 2022

REVISED LIST - ONLY LATEST VERSION IS VALID

- The Trauma Scene Waste Management Practitioners listed below are registered with the Department of Public Health pursuant to Sections 117778 to 118321.6 of the Medical Waste Management Act (Act) (California Health & Safety Code).
- The Act defines trauma scene waste as waste regulated by the Cal/OSHA Bloodborne Pathogen Standard, that "...has been removed, is to be removed, or is in the process of being removed, from a trauma scene by a Trauma Scene Waste Management Practitioner" (Section 117690, Health & Safety Code).
- A Trauma Scene Waste Management Practitioner is a person (including companies) that provides trauma scene waste clean-up services commercially, i.e., are paid for their services. The Practitioner must register with the Department.
- Because the definition of trauma scene waste depends on its management by a Trauma Scene Waste Management Practitioner, persons who volunteer to clean such sites (a neighbor or family member, for instance) and are NOT specifically hired to clean a trauma scene do not fall under the Act. This is due to not meeting the definition of trauma scene waste.
- Registration as a Trauma Scene Waste Management Practitioner does not carry any expressed or implied endorsement by the Medical Waste Management Program, Department of the Public Health (Department) of the quality of work and/or service provided. If you are a renter or a homeowner and you have a homeowner's or renter's insurance policy, you should contact your insurance agent for information about possible coverage for work performed. Registration is a separate process from the licensing activities of the Contractors' State License Board. Under current law, the Department DOES NOT require a Practitioner to possess a contractor's license as part of its registration application. However, some restoration jobs may require a licensed contractor. If you have any questions regarding work that may require a licensed contractor, you should contact the Contractors' State License Board at (800) 321-2752 or visit their website at www.cslb.ca.gov. If you have any questions, you may call the Department at (916) 449-5671 or fax at (916) 449-5665.
- Program staff make every effort to maintain an accurate list of Practitioners, but extensions of expiration dates, pro-rating of fees, or re-issuance of expired registration numbers are all against Program policy. The Program periodically updates public agencies with copies of the list, but cannot guarantee that these agencies will actively maintain all subsequent updates to the list.
