ADDENDUM #1
December 29, 2017

This addendum modifies the instructions found in *Part IV, Program Narrative and Corresponding Attachments, Section A. Background, Agency Experience, and Organizational Capacity* in the CA PREP RFA and *Attachment 3: Program Narrative Template*.

The instructions state that applicants should provide citations to address local trends in adolescent birth rates, STI/HIV rates, and adolescent pregnancy prevention efforts. We have been notified that because *Attachment 3: Program Narrative Template* is a locked document, applicants are unable to add footnotes to this document.

Applicants should number any citations sequentially within sections in *Attachment 3: Program Narrative Template* and submit an additional document citing all references. Applicants should use Chicago Manual of Style when citing sources.
