

# Know the Difference Flyer

This Farmers' Market Nutrition Program, FMNP, handout is used by Market Managers and local WIC office staff to train farmers and their staff. The front of the flyer includes pictures of the \$5 purple WIC FMNP and the \$4 blue Senior FMNP which can be accepted and a picture of the green WIC fruit and vegetable check which cannot be accepted. The flyer explains how the farmer needs to write his six digit WIC authorization number on the check before depositing it in the bank.

The back of the flyer details the program rules regarding accepting the checks.
