Update from CDPH/HAI-AC

DISCUSSION:

Review of Bagley Keene Open Meeting Act

Members were reminded of the Bagley-Keene Open Meeting Act 2010 rules. Specifically, to ensure all meeting agenda items are submitted within time to ensure they are included on the published agenda which must be posted 10 days prior of the actual meeting date. In addition, members are to ensure they are not discussing meeting information outside of public meetings with more than one additional member or member of the public to comply with the rules whether it is on the phone, via email or in person. Should members have additional comments or questions regarding meeting information after the meeting ends, they should contact the subcommittee chair directly to address their requests.

Update from CDPH/HAI-AC

Members were informed CDPH will be launching a new website that is compliant with the Americans with Disabilities Act (ADA) on May 1, 2017 and the subcommittee's agenda and minutes will have a new look moving forward to comply with these standards. The members were informed the next HAI-AC meeting will occur on May 11th in Oakland. Members will be tasked with ensuring there is a presentation was recommendations submitted to the HAI-AC as the goal from this subcommittee.

TOPIC:

Discussion Items:

"Develop toolkit for ASP in skilled nursing facilities"

DISCUSSION:

Members were reminded of last meeting actions of reviewing tiered LTC elements that was previously approved by the HAI-AC. Discussion of submitted example documents were reviewed in detail. The B2 draft example of a written statement of support from leadership was submitted and approved by members to include and to swap out with the facility's formal version once approved by their leadership. The B5 example, members approved the updated training list from the 2015 ASP Toolkit that Dr. Holubar drafted. Members reviewed the example "Memo of Understanding" submitted and agreed to include it in toolkit for B5. The I1 examples were reviewed and it was agreed to be included in the toolkit. The I2 examples were reviewed and were approved to include in the toolkit. Dr. Silvers will provide the current version of his facility's example to replace the one member's reviewed. Members agreed to include the ACH toolkit's Element 7 (Measuring Antimicrobial Use: UCSF guide) example as part of the I3 example. The I4 example was reviewed and approved to include in the toolkit with a minor edit to switch CDI to diarrhea and add thrombophlebitis. The I5 examples were reviewed and agreed to be included in the toolkit. Olga is to send A1 example to be reviewed at the June meeting for future submission to the toolkit. Bridget is to send A2 and A3 examples example to be reviewed at the June meeting for future submission to the toolkit. It was noted the AHRQ LTC toolkit link and the IDSA Guidelines for Duration of Therapy links are to be used as examples for A3.

ACTION/OUTCOME:

Members are to send any remaining examples to L. Corona at CDPH to organize and send out to members for review prior to June meeting. Discussion involving SNF examples for the development of a SNF Toolkit is to continue at next meeting. Bridget will check to see if she has treatment algorithms examples (A2) to submit for next meeting. Dr. Silvers will submit his updated facility's antibiogram as example (I2) for next meeting's review. Olga will provide a time-out (A1) example for next meeting. It was agreed the approved examples will be presented to the HAI-AC in May accompanied by the motion; "CDPH use the example document s vetted from the AS/AR Subcommittee to develop a toolkit to accompany the definition of ASP in LTC." The second motion for the HAI-AC is "CDPH recommends commercial labs produce antibiograms for SNFs by April 1st annually."
