

## Recommendations for Cleaning Carts

- ✓ Have access to alcohol-based hand rub (ABHR)
- ✓ Stock enough microfiber cloths to clean room; change when soiled
- ✓ Separate clean and soiled items
- ✓ Use buckets or bins for disinfectant solution
- ✓ Clean and disinfect reusable equipment
- ✓ Know the required contact/wet times for all disinfectants used

## Practices to Avoid with cleaning carts

- ✗ Never mix chemicals, refill containers, or use spray bottles
- ✗ Do not mix clean and soiled materials
- ✗ Do not use the same cloth for two different resident bedspaces
- ✗ Do not use a dirty cloth on a clean area
- ✗ Never store personal items, food, or beverages on a cart or in the EVS closet
- ✗ Never leave your cart unattended

## 5 Moments for Hand Hygiene

Clean hands for at least 20 seconds with alcohol-based hand rub or soap & water:

- 1 When entering a resident room and before putting on gloves
- 2 Upon leaving a resident room and after removing gloves
- 3 Before touching clean items on a cleaning cart
- 4 Between cleaning resident rooms and bedspaces
- 5 Between dirty & clean tasks
