## Executive Summary

Prioritization of all regulations comprising Division 5 of the California Code of Regulations is complete and approved by the CDPH Director. Regulations writers are on board and have all received regulations training offered by the Office of Administrative Law. CHCQ assigned and is actively drafting multiple regulations. Nine are on track for submission and review by the Health and Human Services Agency (CHHS) in fiscal year 2018-19. The general acute care hospital regulations are one of the largest set of regulations to update. CHCQ apprised the California Hospital Association of the forthcoming regulations, and they provided input on the text and organizational structure of the existing regulations to accomplish the updates.

### Actions, Deliverables, Achievements

- In 2014, the project team including the Office of Regulations, Office of Legal Services, and Program management staff met routinely throughout the year.
