

Temporary Permission for Program Flexibility and for Emergencies

When the Medical Health Coordination Center (MHCC) is activated, Providers and District Offices (DOs) will submit requests to CHCQDutyOfficer@cdph.ca.gov

This form is to be used ONLY for program flexibility requests when providers temporarily need to comply with licensing requirements by using alternative concepts, methods, procedures, techniques, equipment, or personnel.

Providers are required to submit a program flexibility request to the California Department of Public Health (CDPH), Center for Health Care Quality for approval. This form is a mechanism to expedite the request directly to the Medical Health Coordination Center (MHCC) for approval in emergency situations.

Program Flex Request

What regulation are you requesting program flexibility for?

Justification for the Request

- A disease outbreak (verifiable through sources such as the local emergency medical service agency (LEMSA), local Public Health Officer, CDPH Division of Communicable Disease Control, the Centers for Disease Control and Prevention) is present in the community where the hospital is located or in a contiguous area(s) causing a rapid influx (surge) of patients to the hospital. Examples of this type of surge include: Increased cases of seasonal influenza, onset of a severe acute respiratory syndrome-type or other highly contagious virus requiring acute care, an epidemic/pandemic, a bioterrorism agent, or a declared public health emergency.
- An emergency resulting in the need for increased patient accommodations has occurred in the community where the hospital is located or in a contiguous area(s) causing a rapid influx (surge) of patients to the hospital. Examples of this type of surge include: A natural or human-caused disaster, a crime incident or transportation accident resulting in numerous mass casualties, an emergency causing the evacuation of patients or diversions from another hospital (LEMSA diversion has been implemented).

Exhausting Available Alternatives

The provider must exhaust available alternatives before requesting increased patient accommodations. Check all that apply:

Rescheduling non-emergent surgeries and diagnostic procedures.

Transferring patients to other beds or discharge as appropriate.

Setting clinics for non-emergency cases (if possible).

Requesting ambulance diversion from LEMSA, if appropriate.

Adequate Staff, Equipment and Space

The provider must make arrangements for adequate staffing, equipment and space for increased patient accommodations. Check all that apply:

A plan is in place for staff if the request is for use of alternate space.

A plan is in place for equipment if the request is for use of alternative space.

The proposed space for care of patients provides sufficient square footage to ensure access for safe care.

Additional Information

Provide a brief description of your conditions and explain the need for program flexibility. Provide a brief description of the alternative concepts, methods, procedures, techniques, equipment or personnel to be used, and the conditions under which this program flexibility will be used. Attach additional supporting documentation as needed.

In the past two week period, Orange County has seen a sizable increase in COVID-19 patients presenting to the hospital for care. Anaheim Global Medical Center is facing staffing shortages resulting from both the increased community spread, absenteeism, increased ICU utilization, and an increased demand for medical surgical telemetry services. As a result, the hospital has been actively attempting to increase personnel to meet this increased demand as a result of this patient influx.

The ICU census has risen from an average census of approximately 8 patient to our current census of 13 with an accompanying increase in their length of stay.
