Additional Information

Provide a brief description of your conditions and explain the need for program flexibility. Provide a brief description of the alternative concepts, methods, procedures, techniques, equipment or personnel to be used, and the conditions under which this program flexibility will be used. Attach additional supporting documentation as needed.

Due to the closures of our local school districts and the restriction on symptomatic staff to stay away from work we have a critical shortage of qualified direct care staff and we cannot remedy the situation through staff recall and other staffing solutions. We are asking that CDPH waive the requirement to meet the 3.5/2.4 for the duration of the pandemic or until we can maintain minimal staffing.

- DON, DSD and Administrator will communicate daily on staffing issues
- Communicate as needed with CDPH district office regarding staffing levels and follow guidance given by CDPH
- Assigned charge nurse will assess residents every shift for and COC and implement the COC policy as needed
- Social Services Director will communicate with residents frequently and bring any grievances or concerns to the IDT to address
