CERTIFIED MAIL

June 18, 2021

Manijeh Forouzan Highland Care Center Of Redlands 700 E Highland Ave Redlands, CA 92374-6233

Dear Manijeh Forouzan:

Facility ID: 240000020

Enclosed please find a Statement of Deficiencies and Plan of Correction form. Staff of the Licensing and Certification Program identified the deficient practice during a visit to your facility. Please prepare a Plan of Correction, sign and date the document, and, within 10 days, return the original to:

California Department of Public Health
Licensing and Certification, Staffing Audits Section
ATTN: POC Coordinator
1615 Capitol Avenue, Room 73.630
PO BOX 997377, MS 3203
Sacramento CA 95899-7377

The Plan of Correction must be implemented, corrective action evaluated for its effectiveness, and it must be integrated into the quality assurance system. The Plan of Correction for each deficiency must contain the following:

- a) What immediate measures and systemic changes will be put into place to ensure that the deficient practice does not recur.
- b) A description of the monitoring process and positions of persons responsible for monitoring (i.e., Administrator, Director of Nursing, or other responsible supervisory personnel) as well as how the facility plans to monitor its performance to ensure corrections are achieved and sustained.
- c) Dates when corrective action will be completed. The corrective action completion date must be acceptable to the Department. The deficient practice should be corrected immediately. This date shall be no more than 30 calendar days from the date the facility was notified of the non-compliance.

Highland Care Center Of Redlands Page 2 June 18, 2021

The previous list includes those components that must be included in every Plan of Correction. Please retain a copy of the completed Statement of Deficiencies and Plan of Correction form for your file.

A rebuttal of the deficiency is not a Plan of Correction. California Health and Safety Code, Section 1280, requires a Plan of Correction for all deficiencies. By providing a Plan of Correction, a licensee or designee does not necessarily admit guilt of any violation nor does this interfere with the right to contest or appeal any alleged violation.

If your Plan of Correction is unacceptable to the Department, you will be notified in writing. You are ultimately accountable for compliance and responsibility is not alleviated when notification of the acceptability of the Plan of Correction is not timely. Your Plan of Correction will serve as the facility's allegation of compliance. The original signed Plan of Correction must be maintained at the facility for a minimum of three years.

If you have any questions regarding this notice, you may contact me via email at LNCStaffingAudits@cdph.ca.gov.

Respectfully,
