F 000	The following reflects the findings of the Department of Public Health during an investigation of an Abbreviated Standard Survey.  Inspection was limited to the specific incident investigated and does not represent the findings of a full inspection of the facility.  For Facility Reported Incident no. CA584429 regarding Resident/Patient/Client Abuse, the Department was able to substantiate a violation of Federal regulations and issued a deficiency.  Representing the California Department of Public Health: 31794, Health Facilities Evaluator Nurse Reporting of Alleged Violations		F	000				
F 609 SS=0			n e o	609	Residents involved in incide met with Administrator and Director of Social Services discuss situation and option for resolving differences. Tagreed to eat at separate taking both are dining at the sartime. Both residents appear to be satisfied with this solution. Employees who participate staffing the dining areas are trained to be vigilant for as suggestion of disharmony, any signs are observed, the residents are immediately separated and placed at two different tables. In some control a resident may be escorted his or her room with their meal served in that location.	ent to ns They oles ne red ution. e in re ny If e o ases, I to

Any deficiency statement ending with an asterisk (\*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.
