California Department of Public Health, Center for Health Statistics and Informatics, Vital Statistics Branch

Report Produced: September 15, 2020

Data Notes

Deaths: Counts are based on the date that the death occurred.

Geography: Counts are reported statewide and for each county based on where the death occurred. Counts exclude out-of-state deaths to California residents.

Frequency: Counts are reported based on the month in which the death occurred.

Completeness: Reported deaths for 2019 and 2020 represent provisional counts based on the records available when the data was retrieved and may not represent all deaths that occurred during the time period.

As a result, counts may differ from other published death data.

Data Suppression

Death counts less than 11 have been suppressed to protect the privacy of decedents in accordance with the California Health and Human Services Data De-identification Guidelines.

<11 indicates suppressed, nonzero counts, less than 11.

Race/Ethnicity

Determined using the race and Hispanic ethnicity listed on the death certificate.

Decedents with Hispanic ancestry indicated on their death certificate are counted as Hispanic. For all others, the calculated Multi-race code is used.
