Dirt, manure, ejectamenta, and...
whoopsies [fart sound] in England.

>> COW: Ewwwww...

"feculence".

>> GOAT: Ordure? Feculence?

>> PIG: But whatever you call it...

>> PIG, COW: Don't touch that!

Animal Poo & You – Staying Healthy Around Your Animals

>> PIG, COW:

Well, keep your hands offa' that doo doo
Keep your hands offa' that doo doo
You're gonna regret it...if you do, do
Keep your hands offa' that doo doo!

>> PIG: Your animal may look well to you,
but in that pen could be a surprise.
There could be microbes a' waitin' to latch on to you
when you touch your mouth, or nose, or eyes.

>> PIG: Those germs can make you sick, so you must take care. Here's what you must do
to thoroughly prepare.

>> PIG:

Well, first thing,
keep paddocks clean.
Take some time each day to scoop up manure.
Clean up that water trough.
Tidy up the feed bins.
Wash those hands of yours,
and you'll stay healthier for sure!

>> ALL:

Well, keep your hands offa' that doo doo
Keep your hands offa' that doo doo
You're gonna regret it...if you do, do
Keep your hands offa' that doo doo!

>> PIG: Germs from fecal matter can make you sick.

>> COW: Keep things clean and safe.
