NOTE: May 9, 2025 (during Week 18) is the 2024 year-end data close out deadline for diseases and conditions monitored by CDPH-Infectious Diseases Branch (IDB). All case histories and/or Confidential Morbidity Reports with 2024 illness onset dates should be closed by local health departments and submitted to CDPH by this date. CDPH-IDB Program Subject Matter Experts need additional time to review and close out the LHD-closed cases that require State review prior to their submission to the CDC.
