2) Invoices must be submitted to CDPH either electronically or in hard copies.

3) Identify the billing and/or performance period covered by the invoice and include contract number.

4) Itemize costs for the billing period in the same or greater level of detail as indicated in this agreement. Subject to the terms of this agreement, reimbursement may only be sought for those costs and/or cost categories expressly identified as allowable in this agreement and approved by CDPH.

EXHIBIT B
Budgetary Detail and Provisions

B. If funding for any fiscal year is reduced or deleted by the Budget Act for purposes of this program, the State shall have the option to either cancel this Agreement with no liability occurring to the State, or offer an agreement amendment to Contractor to reflect the reduced amount.

3. Prompt Payment Clause

Payment will be made in accordance with, and within the time specified in, Government Code Chapter 4.5, commencing with Section 927.

4. Timely Submission of Final Invoice

A. A final undisputed invoice shall be submitted for payment no more than ninety (90) calendar days following the expiration or termination date of this agreement, unless a later or alternate deadline is agreed to in writing by the program contract manager. Said invoice should be clearly marked “Final Invoice”, indicating that all payment obligations of the State under this agreement have ceased and that no further payments are due or outstanding. The State may, at its discretion, choose not to honor any delinquent final invoice if the Contractor fails to obtain prior written State approval of an alternate final invoice submission deadline.

B. The Contractor is hereby advised of its obligation to submit to the state, with the final invoice, a completed copy of the “Contractor’s Release (Exhibit F)”.

5. Expense Allowability / Fiscal Documentation

A. Invoices, received from the Contractor and accepted for payment by the State, shall not be deemed evidence of allowable agreement costs.

B. Contractor shall maintain for review and audit and supply to CDPH upon request, adequate documentation of all expenses claimed pursuant to this agreement to permit a determination of expense allowability.

C. If the allowability of an expense cannot be determined by the State because invoice detail, fiscal records, or backup documentation is nonexistent or inadequate according to generally accepted accounting principles or practices, all questionable costs may be disallowed and payment may be withheld by the State. Upon receipt of adequate documentation supporting a disallowed or questionable expense, reimbursement may resume for the amount substantiated and deemed allowable.

6. Recovery of Overpayments

A. Contractor agrees that claims based upon the terms of this agreement or an audit finding and/or an audit finding that is appealed and upheld, will be recovered by the State by one of the following options:

1) Contractor’s remittance to the State of the full amount of the audit exception within 30 days following the State’s request for repayment;

2) A repayment schedule agreeable between the State and the Contractor.
B. The State reserves the right to select which option as indicated above in paragraph A will be employed and the Contractor will be notified by the State in writing of the claim procedure to be utilized.

C. Interest on the unpaid balance of the audit finding or debt will accrue at a rate equal to the monthly average of the rate received on investments in the Pooled Money Investment Fund commencing on the date that an audit or examination finding is mailed to the Contractor, beginning 30 days after Contractor's receipt of the State's demand for repayment.

D. If the Contractor has filed a valid appeal regarding the report of audit findings, recovery of the overpayments will be deferred until a final administrative decision on the appeal has been reached. If the Contractor loses the final administrative appeal, Contractor shall repay, to the State, the over-claimed or disallowed expenses, plus accrued interest. Interest accrues from the Contractor's first receipt of State's notice requesting reimbursement of questioned audit costs or disallowed expenses.

7. Any reimbursement for necessary travel and per diem shall, unless otherwise specified in this Agreement, be at the rates currently in effect, as established by the California Department of Human Resources (Cal HR). If the Cal HR rates change during the term of the Agreement, the new rates shall apply upon their effective date and no amendment to this Agreement shall be necessary. No travel outside the state of California shall be reimbursed without prior authorization from the CDPH. Verbal authorization should be confirmed in writing. Written authorization may be in a form including fax or email confirmation.

8. Production Activities Payments

A. Upon approval of a work order requiring expenses of more than $50,000 to be incurred by the Contractor for production activities, the Contract Manager may authorize payment of up to seventy-five percent (75%) of the approved work order estimate, net of mark-up, for pre-production activities; justification of the proposed costs must be provided. The Contract Manager may authorize an invoice sent outside of the monthly invoicing requirement named in section 1C. The remaining percentage shall be paid as actual costs are incurred, subject to CDPH’s approval of progress made. Requests for payment of actual expenses incurred pursuant to this paragraph shall be submitted within monthly invoices accompanied by supporting documentation as required by section 1, “Invoicing and Payment.”

B. For purposes of this Agreement, "production activities" means production of advertisements or related campaign elements. Deliverables related to pre-production include but are not limited to: consumer testing recommendations including the production of stimuli; recommendation and search of director, production company, editing house, etc. including a detailed schedule of the entire production process leading to campaign launch; recommendation of locations with appropriate permits, talent including specifications of on-camera vs. extras, music direction consisting of original composition, stock and/or sound effects, identification of the campaign elements that will be part of the production including extensions in other mediums and version availability for further adaptations in other languages, other related campaigns, and local use. The most cost-efficient terms need to be considered and initiated during the pre-production process and documented once all agreements are final.
