

CaREDIE Electronic Case Reporting (eCR) Informational Bulletin

Purpose: This monthly bulletin will inform stakeholders about Electronic Case Reporting (eCR) with the goal of promoting discussion among clinical care and public health communities on this advancement in public health case reporting. Electronic Case Reporting (eCR) will automate public health case reporting for providers by automatically generating and transmitting case reports directly from the provider's Electronic Health Record (EHR) system to local and state public health authorities. eCR will fulfill the physician communicable disease reporting requirements under state law.

Register & Enroll in CaREDIE eCR In 4 STEPS

Before registering:

- Confirm with your EHR vendor representative or IT analyst that the EHR in your facility will conform with the [HL7 Implementation Guide for Electronic Initial Case Report \(eICR\)](#).
- Visit our [CaREDIE eCR webpage](#) for resources on technical specifications and provider expectations.

PLEASE NOTE:

1. Registration at the CDPH HIE Gateway is required for those who intend to submit electronic initial case reports (eICR) for [Title 17 Section 2500](#) reportable conditions to the California Reportable Disease Information Exchange (CaREDIE) system.
2. Providers who intend to submit data for the Parkinson's Disease Registry (PDR) should contact the [PDR Specific Support](#) for enrollment in the PDR program. CaREDIE eCR is separate from PDR.

1 Access the CDPH HIE Gateway Homepage

Select the **Electronic Case Reporting** option from the **Program-Specific Information** tab.

***Check the LHJ MU Capacity Matrix to determine whether your Local Health Jurisdiction (LHJ) prefers providers to use the CDPH HIE Gateway or a local solution for reporting.**

2 Register at the CDPH HIE Gateway

Proceed by creating a ***New Account** and follow the steps and instructions required to complete the registration process.

***If you already have an account, login and select to "Enroll" in the CaREDIE eCR Program.**

3 Enroll in Electronic Case Reporting (eCR)

Select to "Enroll" in the CDPH program **CaREDIE Electronic Case Reporting (eCR)**. A confirmation email will be generated, and your enrollment will be placed in a queue until further review and evaluation by the CaREDIE eCR program staff.

***Please save the enrollment confirmation email sent by the HIE Gateway for your records.**

4 Staff will Contact You

CaREDIE eCR program staff will contact the provider via email or phone for the next steps. Please contact the CaREDIE eCR Team with any questions at **1-866-866-1428** or CaREDIEeCR@cdph.ca.gov

CaREDIE eCR replaces traditional paper-based methods of case reporting for many reportable conditions in jurisdictions using CaREDIE. Timely reporting via phone call is still required for conditions marked as "immediately" reportable in Title 17, Section 2500 of the California Code of Regulations (CCR).
