

# TK/Kindergarten Immunization Assessment Worksheet

Refer to the reporting instructions for category definitions and details. List each student and check whether they have all required doses or check category (reason) for missing doses. If missing doses, check the vaccine(s) they are missing. Total the columns for each reporting category and missing vaccines. Retain the worksheet for your records in case of audit and as a roster of students in the event of an outbreak.

			If Missing Doses, Mark the Category (Reason)							Mark Missing Vaccines
