INTRODUCTION

Dear Sexually Transmitted Diseases (STD) Controller,

I am happy to present our new guide, “Resources for Local California Sexually Transmitted Diseases (STD) Programs.” The purpose of this guide is to provide local California STD program directors and your staff with a comprehensive list of resources that will help you design and implement your programs. We developed this guide based on the needs that STD program directors identified in our 2013/2014 Infrastructure Survey.

On the following pages, you will see resources on all programmatic areas, including Disease Intervention, Clinical Practice Guidelines, Laboratory Verification, Clinical Administration, Health Promotion and Health Education, Surveillance and Data, and Policy and Communications. Each section contains the name of the STD Control Branch staff person who can provide additional information and technical assistance about each area. Please feel free to contact them at any time.

New resources come – and go – all the time. For that reason, we intend to update this regularly. A current version will be posted on our website, www.std.ca.gov. Please feel free to email stdcb@cdph.ca.gov if you have any feedback or suggestions, including any other resources that you have found helpful and would like to share with others.

Thank you for your continued work to improving the sexual health of Californians.

Heidi Bauer, MD, MPH, MS
Chief, STD Control Branch
California Department of Public Health

*Linked files below that require a password utilize the standard CalREDIE document password: CalREDIE123*
DISEASE INTERVENTION

Lead: Edwin Lopez | edwin.lopez@cdph.ca.gov | 562-570-4084

Guidelines

- National Recommendations for Partner Services Programs for HIV Infection, Syphilis, Gonorrhea, and Chlamydial Infection – MMWR 2008 (CDC)
- Congenital Syphilis Resources for Field Investigation (CDPH)
- Partner Services Quick Guide (CDC)

Mentorship (Training)

Lead: Raquel Paz | raquel.paz@cdph.ca.gov | 510-620-3186

The Disease Intervention and Partner Services Mentorship Program is intended to enhance local capacity for disease intervention through standardized hands-on training. Trainees complete a skills inventory checklist and receive tailored mentorship in case management, interview and field investigation techniques. Local participants and supervisors track progress through assessment tools. Note: Training and TA available upon request.

Internet Partner Notification (IPN)

Lead: Raquel Paz | raquel.paz@cdph.ca.gov | 510-620-3186

New technologies (i.e. e-mail addresses, profile IDs, and instant/text messaging) are useful in public health follow-up, especially under circumstances where notification via this approach may be the only option. Protocols and standard messaging templates are available. Notification through private websites (e.g. Manhunt, etc.) can be difficult due to IT permission issues; CDPH-STDCB IPN Liaisons are available to initiate communication with exposed partners via private websites, referring them to local health department staff for specific disease exposure information. Note: Training and TA available upon request.

- National Guidelines for Internet-based STD and HIV Prevention (NCSD)
- Introducing Technology into Partner Services: A Toolkit for Programs (CDC)
- List of STDCB IPN Liaisons available to assist your health jurisdiction (CDPH) [password protected=CalREDIE123]

Field Delivered Therapy (FDT)

- Guidelines for the Treatment of Chlamydia and Gonorrhea Cases and Exposed Sexual Partners by Health Department Staff in Non-Clinical Settings (CDPH)

HIV Partner Services (PS)

Lead: Jae Egan | jeffrey.egan@cdph.ca.gov | 619-688-3187

The CDPH STDCB collaborates with OA to provide training and technical assistance to support implementation and evaluation of HIV Partner Services (PS) activities in local prevention, care and surveillance programs. To learn more about the HIV PS program, or to request training or technical assistance, please contact the OA Partner Services Coordinator, Manny Rios at manny.rios@cdph.ca.gov or 916-449-5824.
The CDPH STDCB is leading a pilot project to enhance and evaluate integrated partner services and linkage to care outcomes for patients co-infected with syphilis and HIV, or gonorrhea and HIV. To learn more about the use of surveillance data to identify/prioritize STD clients for integrated HIV partner services activities, please contact Jae Egan at jeffrey.egan@cdph.ca.gov at 619-688-3187.

**Syphilis Reactor Grid Evaluator (SRGE)**

**Lead:** Joan Chow | joan.chow@cdph.ca.gov | 510-620-3718

The SRGE tool enables STD programs to evaluate how well current gender, age, and syphilis reactor titer cut-points perform in identifying infectious syphilis cases for investigation versus administrative closure. Local epidemiology and surveillance staff work with DIS staff to set up and implement this user-friendly, flexible tool for optimizing the syphilis reactor grid in the context of local resources and potential changes in local syphilis epidemiology over time.

**Syphilis Reactor Triage**

**Lead:** Edwin Lopez | edwin.lopez@cdph.ca.gov | 562-570-4084

The disease intervention section is available to address syphilis reactor processing or reactor triage questions. The lead may assist with the input of regional managers.

**Congenital Syphilis Case Management**

**Lead:** Raquel Paz | raquel.paz@cdph.ca.gov | 510-620-3186

- [Congenital Syphilis Resources for Field Investigation (CDPH)](#)

**Training and Quality Improvement**

- [Passport to Partner Services (CDC)](#)
Fact Sheets & Health Information

- Information about Sexually Transmitted Diseases (CDPH)
- Information about Viral Hepatitis (CDPH)
- STDs & Related Conditions (CDC)
- Viral Hepatitis (CDC)

Special Populations

- California Guidelines for STD Screening and Treatment in Pregnancy (CDPH)
- MSM Toolkit: A Clinician's Resource for Sexually Transmitted Diseases in Gay Men and Other Men Who Have Sex With Men (MSM) (CDPH)

Screening & Diagnosis

- STD Guidelines Resources (CDPH)
- California STD Screening Recommendations (CDPH)
- Chlamydia Screening Quality Improvement Resources (CDPH)
- Use of Treponemal Immunoassays for Screening and Diagnosis of Syphilis: Guidance for Medical Providers and Laboratories in California (CDPH)
- Reverse Sequence Syphilis Screening: Frequently Asked Questions (CDPH)
- Hepatitis B and Hepatitis C Screening Toolkit for Primary Care Clinicians: Whom To Test (CDPH)
- Viral Hepatitis Provider Guidelines
- HCV Testing in Non-Healthcare Settings (CDPH)
- Evaluating Patients for Primary Syphilis Poster (PTC)
- Evaluating Patients for Secondary Syphilis Poster (PTC)
- Decision Memo for Screening for Sexually Transmitted Infections (STIs) and High-Intensity Behavioral Counseling (HIBC) to prevent STIs (CMS)

Treatment & Management

- STD Treatment Guidelines (CDC)
- STD Treatment Guide phone/tablet App (CDC)
- California STD Treatment Guidelines Table for Adults and Adolescents (CDPH)
- Recommended Treatment for Sexually Transmitted Diseases in HIV-Infected Adults (CDPH)
- Best Practices for the Prevention and Early Detection of Repeat Chlamydial and Gonococcal Infections: Effective Partner Treatment and Patient Retesting Strategies for Implementation in California Health Care Settings (CDPH)
- California Gonorrhea Treatment Guidelines - Suspected Gonorrhea Treatment Failure (CDPH)
- Update on the STD Treatment Guidelines, 2010: Oral Cephalosporins No Longer a Recommended Treatment for Gonococcal Infections (CDC)
- Cephalosporin-Resistant Neisseria gonorrhoeae Public Health Response Plan (CDC)
- Patient-Delivered Partner Therapy (PDPT) for Chlamydia, Gonorrhea, and Trichomoniasis: Guidance for Medical Providers in California (CDPH)
Risk Assessment

- Clinician’s Guide to Sexual History Taking, 2011 (CDPH)
- Sexual Risk Assessment and Risk Factors for Sexually Transmitted Diseases (CDPH)
- Guide to Taking a Sexual History (CDC)
- STD Current Management Strategies – Taking a Sexual History, presented by Linda Creegan (PTC)
- Taking A Sexual History – Example of a sexual history interview of MSM patient (St George’s University of London)
- Patient Sexual Health History: What You Need to Know to Help (AMA)

Expedited Partner Therapy/Patient-Delivered Partner Therapy

- Patient-Delivered Partner Therapy (PDPT) for Chlamydia, Gonorrhea, and Trichomoniasis: Guidance for Medical Providers in California (CDPH)
- Chlamydia/Gonorrhea PDPT Distribution Program (CFHC)
- Fact Sheet for LHJs: Chlamydia and Gonorrhea PDPT Distribution Program (CFHC)
- Guidance on the Use of Expedited Partner Therapy (EPT) in the Treatment of Gonorrhea (CDC)

Public Health Reporting

- How to Report STDs with the Confidential Morbidity Report (CMR) (CDPH)
- Confidential Morbidity Report Form (CDPH)
- California Local Health Department Contact Information (CDPH)

Consultation

The Clinical Consultation Service “warm line” (co-sponsored by the California STD/HIV Prevention Training Center and the CDPH STDCB) is staffed by physicians and nurse practitioners with expertise in STD diagnosis, treatment and management. The “warm line” is available to local health department staff and clinical providers from the community (not the general public).

Submit your request online: www.stdccn.org

Hours: Monday through Friday 8:00am-5:00pm PST. Calls are returned within 24 hours or the next business day (for Friday calls).

Phone number: 510-620-3400

Organizations: Technical Assistance and Training

- California STD/HIV Prevention Training Center (PTC)
- California STD/HIV PTC – Sign up for announcements for upcoming trainings, webinars and updates
- Cardea (formerly Center for Health Training)
• California Family Health Council (CFHC) 56
• Self-Study STD Modules for Clinicians (CDC) 57
• Guidance for non-FDA cleared tests – NAAT of Rectal Swabs for *Chlamydia trachomatis* and *Neisseria gonorrhoeae* (APHL) 58
• Guidance for non-FDA cleared tests – NAAT of Pharyngeal (Throat) Swabs for *Chlamydia trachomatis* and *Neisseria gonorrhoeae* (APHL) 59
• List of Laboratories Capable of Performing NAAT for Chlamydia and Gonorrhea on Rectal and Pharyngeal Specimens (APHL) 60
• PDF version of List of Laboratories Capable of Performing NAAT for Chlamydia and Gonorrhea on Rectal and Pharyngeal Specimens (APHL) 61
• Verification of Patient Self-Collected Extragenital Nucleic Acid Amplification Tests for Diagnosis of *Neisseria gonorrhoeae* (GC) and *Chlamydia trachomatis* (CT) (CDPH). Document is available by request.
CLINICAL ADMINISTRATION

Pharmaceutical Toolkit

Lead: Claire Feldman | Claire.Feldman@cdph.ca.gov | 510-620-3938

On-site Dispensing Toolkit - includes information on injectable medications (CDPH/PTC). Document is available by request.

340B Drug Pricing Program

Lead: Claire Feldman | Claire.Feldman@cdph.ca.gov | 510-620-3938

The 340B Drug Pricing Program requires drug manufacturers to provide outpatient drugs to eligible health care organizations at significantly reduced prices. STD Clinics are eligible for the 340B program under section 318 of the Public Health Service Act. STD Clinics are clinics that diagnose and treat sexually transmitted diseases and receive funding or in-kind support from the CDPH STDCB. Participating clinics can purchase any 340B covered outpatient drug for patients that meet the eligibility criteria listed on the HRSA website.

- 340B Program Website (HRSA) 62
- 340B Eligibility and Registration (HRSA) 63
- 340B Program Requirements (HRSA) 64

Billing

- STD Billing and Reimbursement Toolkit (STD TAC) 65
- Billables Project - for Health Department Immunization Services Reimbursement (CDC) 66
- Medi-Cal Reimbursement Rate Table 67
- Family PACT Program Clinical Services Benefits Grid 68
- Building Sustainability for Public Health Programs/Billing Practices (Cardea) 69

Chlamydia Screening Rates

- Family PACT Provider Profiles – Chlamydia Screening Rate for Family PACT Women and Others (OFP) 70
- Office of Patient Advocate Health Care Quality Report Cards – Chlamydia Screening Summary 2014 Edition (OPA) 71

LHJ Purchasing Program

CDPHSTDProcurement@cdph.ca.gov

On an annual basis, this program encourages LHJs to request items from a list of products that include STD medications, lab supplies, condoms, health education brochures and posters, and printed clinical guidelines. All requests will be collected in the spring; multiple shipments can be arranged. There is no fee to participate in this purchasing program. The STDCB will select the vendors, handle the bid process, and make the arrangements to have the items delivered to each LHJ’s location.
HEALTH PROMOTION AND HEALTH EDUCATION

Lead: Holly Howard | holly.howard@cdph.ca.gov | 510-620-3185

Educational Materials

- Sexual Health Resource Exchange: Downloadable Sexual Health Education Materials Site (NCC) 72
- Viral hepatitis health education materials – Hepatitis B (CDC) 73
- Viral hepatitis health education materials – Hepatitis C (CDC) 74

Condoms

Lead: Claire Feldman | Claire.Feldman@cdph.ca.gov | 510-620-3938

- Get Free Condoms from Condom Access Project-California (TeenSource) 75
- Find condoms near you-Nationwide (CARES) 76
- For condom distribution and establishing Condom Access Project (CAP) sites, contact Claire Feldman.

Education Policy

- Sexual Health Evaluations of Curricula with California Laws Regarding Sexual Health and HIV/AIDS Prevention Education (California Health Kids Resource Center) 77
- CA Education Code (EC) Requirements for Comprehensive Sexual Health & HIV/AIDS Instruction, and related resources (including a checklist to determine if materials comply with EC) (CDE) 78
- Putting It All Together: Program Guidelines and Resources for State-Mandated HIV/AIDS Prevention Education in California Middle and High Schools (CDE) 79

Online Resources

- TalkWithYourKids.org - A website for parents with information about how to talk to your child about sex, healthy relationships, visiting the doctor, etc. (CFHC) 80
- TeenSource.org - A teen-friendly website with youth-generated sexual and reproductive health information, a clinic finder, map to find free condoms, etc. (CFHC) 81
- Online searchable directory of STD/HIV Test Sites 82
- California HIV/AIDS Services Referrals 83
- Viral Hepatitis Services Referral Guide (CalHEP) 84
- Title X Family Planning Database (OPA) 85
- Find an Emergency Contraception provider near you (OPR, ARHP) 86
- Find a LGBT-friendly provider (GLMA) 87
- Free chlamydia and gonorrhea home test kit for women aged 12-25; Los Angeles, Alameda, Sacramento, and San Diego counties (I Know campaign) 88

Social Marketing Toolkit

- Youth Social Marketing Toolbox (CA STD PTC) 89
Community Needs Assessment Toolkit

- Community Needs Assessment Toolkit is available by request. Contact Claire Feldman at Claire.Feldman@cdph.ca.gov or 510-620-3938 for more information.

Online Training

- California Prevention Training Center (PTC) STD, HIV, and Hepatitis Online Course List (CA STD PTC)

LHJ Purchasing Program

CDPHSTDProcurement@cdph.ca.gov

On an annual basis, this program encourages LHJs to request items from a list of products that include STD medications, lab supplies, condoms, health education brochures and posters, and printed clinical guidelines. All requests will be collected in the spring; multiple shipments can be arranged. There is no fee to participate in this purchasing program. The STDCB will select the vendors, handle the bid process, and make the arrangements to have the items delivered to each LHJ’s location.
SURVEILLANCE/DATA

Lead: Joan Chow | joan.chow@cdph.ca.gov | 510-620-3718

Reports

- Sexually Transmitted Diseases in California, Executive Summary (CDPH) 91
- California Gonorrhea Surveillance System (CGSS) Annual Report Data (CDPH) 92
- California HIV/AIDS Surveillance Data (CDPH OA) 93
- Chronic Hepatitis B and Hepatitis C Infections in California, Report through 2011 (CDPH) 94
- California County Profiles of Adolescent Sexual Health (CDPH MCAH) 95
- Racial Disparities in STDs in California (CDPH) 96

Tables & Graphs
