STD Control Branch Trainings and Resources

CalREDIE trainings:

Below please find links to prerecorded trainings for CalREDIE. The password for both trainings is CalREDIE123. Renee Del Toro is available to provide additional STD CalREDIE training as well.

- **Basics** (2 hours)
- **DISA** (1.5 hours)

DIS trainings/resources:

- [Passport to Partner Services Training](#) is the national training for STD/HIV partner services. Online modules for the training are available, but due to COVID-19 and the transition of the training to a new format with a focus on future DIS certification, the in-person trainings are not available right now.
- The [DIS Summit Webpage](#) (2020) includes slide sets, speaker bios, zoom recordings on motivational interviewing, cultural humility, and resources for DIS during the COVID era. The summit was funded by Office of AIDS and put on by the California Prevention Training Center.
- Introduction to [Telephone Interviewing for DIS](#) (Course ID 1090632)
- DIS Mentorship with Distance-based Consultation: Contact [Lupe Espain](#)

Surveillance Resources:

- For congenital syphilis surveillance, [CDC/CSTE Congenital Syphilis](#) Webinar Series
  - Congenital Syphilis Case Classification Webinar
  - Congenital Syphilis: A Guide to Medical Chart Abstraction
  - Syphilis Surveillance: Adult Syphilis Staging
- [CDC/CSTE Syphilis 2018 Case Definition](#)
- [CS Report Algorithm](#) (page 4)

Clinical Resources:

- [National STD Curriculum (uw.edu)](#)
- CAPTC resources/trainings
  - [Clinical STD Training Services](#) (includes Online Trainings)
  - [CAPTC YouTube](#) Channel
  - [Recording of recent webinar on Congenital Syphilis Update for the Prenatal Care Provider](#): (PDF attached)
- For clinical questions, you can use the California Prevention Training Center (CAPTC) [STD Clinical Consultation Network](#)
