

## Sample Zika + Travel Facebook posts:

Traveling or studying abroad? Get #Zika virus info from the CA Dept. of Public Health: <http://bit.ly/ZikaandTravel> #TalkZIKA #ZikaFacts

Help protect mothers and their unborn babies from #Zika: Prevent mosquitoes from breeding and biting—AND if you or your partner were recently in an area with Zika, use condoms to prevent sexual transmission. Learn more: <http://bit.ly/ZikaandTravel> #TalkZIKA #ZikaFacts #FightTheBite

DID YOU KNOW? There is no specific medicine or vaccine for #Zika, and most people who have Zika don't show symptoms. #Pregnant women shouldn't go to areas with Zika. Prevent mosquito bites and practice safer sex by using condoms (male or female) to prevent sexual transmission. Learn more: <http://bit.ly/ZikaandTravel> #TalkZIKA #ZikaFacts

Map of areas with Zika: <http://bit.ly/CDCZikaMap>

If you are #pregnant, don't go to areas with #Zika. If you MUST go, prevent mosquito bites and practice safer sex (use male and/or female condoms) to prevent sexual transmission. <http://bit.ly/CDCZikaMap> #TalkZIKA #ZikaFacts

Planning a summer trip? Click for travel information so you can plan before, during and after your trip: <http://bit.ly/ZikaandTravel>

Where in the world is Zika? <http://bit.ly/CDCZikaMap> #TalkZIKA #ZikaFacts

Preventing mosquito bites is one way to stop #Zika, which is mostly spread by infected mosquitoes. Pack and use mosquito repellent if you go to an area with Zika for ANY reason (even for a quick trip)! Find the right repellent for you: <http://bit.ly/EPASearchTool> #TalkZIKA #ZikaFacts

Recently been to an area with #Zika? Most people with Zika don't have symptoms, but see your doctor if you develop fever, rash, joint pain or red eyes. <http://bit.ly/ZikaandTravel> #TalkZIKA #ZikaFacts

Going on #vacation to an area with Zika? Pack to prevent mosquito bites! Here's what you should bring: EPA-registered insect #repellent, long-sleeved shirts and pants, a bed net and condoms (if you might have sex). Learn more: <http://bit.ly/ZikaandTravel> #FightTheBite #TalkZIKA #ZikaFacts  
Map of areas with Zika: <http://bit.ly/CDCZikaMap>

Returning from an area with #Zika? Protect your friends and neighbors! Stop the spread of #Zika by wearing EPA-registered insect #repellent for 3 weeks after your return to help prevent Zika from spreading in your community. Learn more: <http://bit.ly/ZikaandTravel> #TalkZIKA #ZikaFacts

#Zika can be transmitted through sex. Protect yourself from #Zika by not having sex with anyone who has recently been to an area with #Zika, or by using #condoms (male or female) correctly, each and every time during or after travel to an area with Zika. <http://bit.ly/ZikaandTravel> #TalkZIKA #ZikaFacts
